Vol. 17 No. 28 -- Wednesday, July 13, 1977.

## Assessment triples but not taxes

By Jim McIntyre

When assessment notices go out to St. Albert residents in the spring of 1978, residents could find that their average assessment has tripled.

But St. Albert's Director of Finance Barry Miller said Tuesday afternoon this does not mean that taxes in St. Albert will triple.

Mr. Miller said that the reasons for the increased assessment will be explained in simple layman's terms when the notices are sent out in the spring.

"Just because your assessment has gone up, taxes will not triple or else we will

get 8,000 appeals," said Mr. Miller.

The possibility that assessments may triple is partly a result of an Order in Council from the provincial government May 31 this year which is really an attempt by the government to square off 1976 land values with 1976 construction costs.

It is also an attempt to give municipalities more freedom in the way they gather their taxes.

This year the St. Albert budget was \$9,433,130 which is split into \$7,699,627 for municipal purposes, \$1,606,963 for educational purposes, and \$126,540 for

library.

That money comes when the present mill rate of \$9.74 (not including library and school) is divided into the total St. Albert assessment of \$62,634,520.

For the individual taxpayer this means that his residence is assessed at about \$8,000 and his average taxes are set at around the \$500 mark (\$478 for municipal purposes). That tax would not become \$1,500.

Mr. Miller points out that even though the assessment of the individual taxpayer in St. Albert could go up to \$24,000 next spring, there Please Turn to Page 2

Cunningham Bridge, just east of St. Albert on the Big Lake road is a very popular place for local fishermen looking for some good northern pike and goldeye fishing. Sunday afternoon saw about 20 people lining the banks and some were successful in catching a few fish.

## Parish cemetery vandalism is still a mystery

There are no successful leads at present following the \$75,000 desecration of the St. Albert Parish cemetery last week.

Staff Sergeant Lyle Lambert of the St. Albert RCMP detachment said Tuesday "We have had a good response from the general

public because people were around that evening, but all in all we haven't been successful yet." So the vandalism is still being investigated.

Last week nearly every gravestone and marker was torn up, pushed over or smashed at the cemetery.

Father Jake Joly of the St. Albert Parish says that "thousands of people" had been at the cemetery checking the situation and they shake their heads.

He also said that many had been straightening out stones and gluing crosses to Please Turn to Page 2

## Survey sees St. Albert as tempting, intriguing

You've probably never really taken time to think scientifically about the advantages St. Albert has over Edmonton or vice-versa.

A survey included in this week's agenda for city council shows how St. Albert is rated over Edmonton particularly for new St. Albertans who might be moving to the proposed Woodlands subdivision north east of St. Albert.

St. Albert is seen as secluded and remote, but not isolated, unspoiled and undeveloped but not wild, peaceful and quiet but not boring.

St. Albert is seen as "tempting and intriguing," new and progressive but not raw. Housing is put at "reasonable to expensive."

Edmonton is seen as crowded and congested, noisy ... the sounds are not

interesting, "intriguing ... but some find it revolting."

Edmonton is seen as a "beer and pretzel town ... neither champagne nor martinis."

The Woodlands area of St. Albert is seen to offer peace and quiet, sophisticated housing which is reasonable in price.

Many people asked said they would prefer a natural Please Turn to Page 2

## Junior fastball playoffs this weekend

St. Albert Juniors, first year members of the 14-team Sturgeon Valley Men's Fastball League will host the Northern Alberta Junior "B" zone playoffs this weekend at the new Meadowview Ball Park, south of the grain elevators.

Original scheduling had only three teams entered, but a late addition in Beaver Crossing has made it a four-team double-knockout which will see the semi finals and finals on Sunday.

12 noon with Beaver Crossing and Kitscoty playing.

The two winners will play at 4 p.m. Saturday while the two losers will drop into "B" play and will meet at 2 p.m. Saturday.

Should St. Albert win both games they will then be the "A" side winners and will meet the winner of the "B" event Sunday at 1:30. Each team must lose two games to be knocked out of the tournament.

ment.

Admission of \$1 for adults and 50¢ for children under 12 will be charged. Senior citizens will be admitted free of charge.

A concession stand will be set up beside the west diamond for hamburgers, hot dogs, chips, pop and coffee.

The Juniors would appreciate your support in helping them make the tournament a successful event.

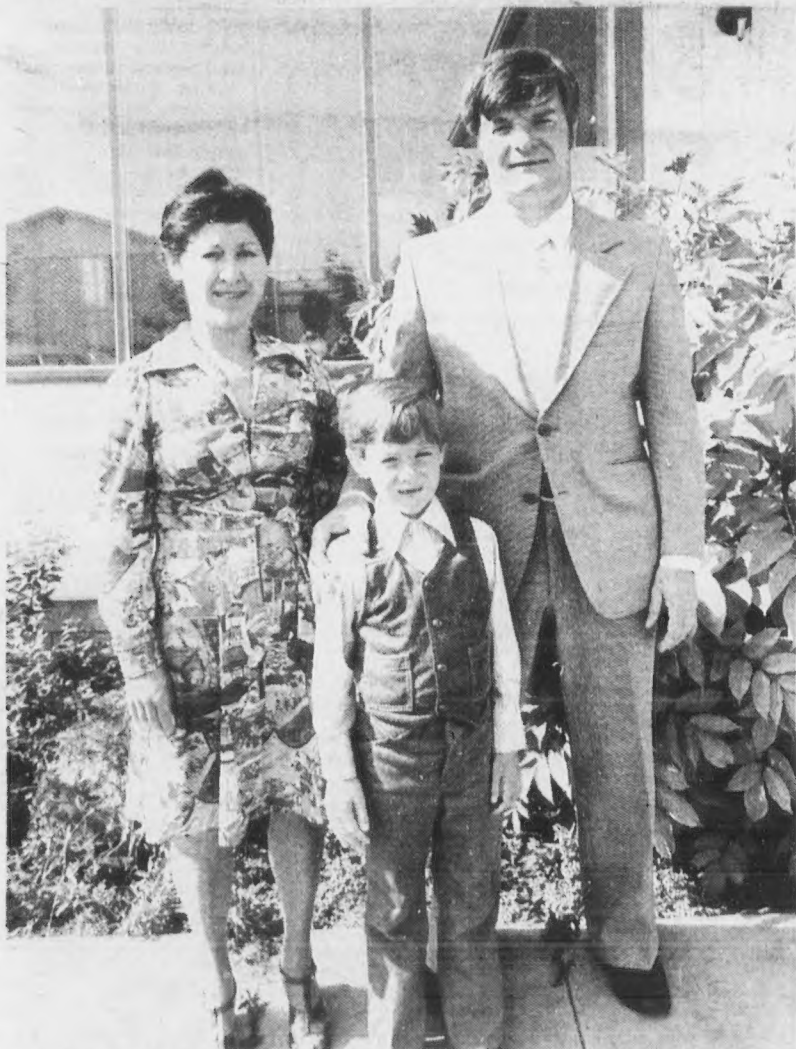

### THE DRAW

The tournament opens Saturday morning at 10 a.m. with St. Albert taking on Rollyview Jrs.

The second game will go at

Few six year olds are able to send their parents off on a trip to Mexico, but young Daniel Crossman of St. Albert has done just that. Daniel correctly guessed the weight of a sailfish in a contest held by Kingsway Garden Mall for Father's Day. Daniel first guessed 10, but when told by his mom that that might be a little light, he added his age. The Crossmans will set out Thursday for their unexpected vacation.

## taxes

Cont'd From Page 1

won't be a corresponding rise in the mill rate.

"If the assessment triples the mill rate should be cut by one third ... it should be one third of what it was before," said Mr. Miller.

When the assessors get the run down on St. Albert's homes in the spring, residences will be assessed for improvements like rumpus rooms, but again this might reflect in a downward trend in the mill rate.

"Their mill rate will be cut by more than three times because of these additional improvements," said Mr. Miller.

At the present time in St. Albert, general assessment is being calculated based on 65 percent on the 1976 (land) market value and improvements at 65 percent of 1963 construction costs.

After December 31 this year, general assessments for land will be based on 65 percent of the market value, in the year previous to the year of the general ass-

essment. And for improvements they will be based on 65 percent of the fair "actual value" over the same period.

## cemetery

Cont'd From Page 1

gether. While Fr. Joly pointed out that whoever vandalized the cemetery "was unaware of history and just had bird-brains." He wishes people would not assume that teenagers might be the offenders.

"A lot say it's teen-agers, but there's no proof," he said.

"There are a lot of teen-agers who come up (here) with the concern of an 80 year old guy," Fr. Joly added.

Fr. Joly pointed out that one person could have done all the damage.

"It's all balanced weight, give me 20 minutes and I could do as much damage as that guy did," he said.

Fr. Joly says that many people have expressed anger and frustration at the damage done to the cemetery.

"it's a natural reaction."

He says the Oblates will be meeting over the summer to discuss future plans for the OMI section of the cemetery.

Although no final decision on a new concept for that section of the graveyard has been taken, Fr. Joly says it's likely the OMI will opt for flat markers instead of crosses.

This would obviate the possibility of the same crime being committed twice.

A decision could be made on the new concept this month but improvements are not likely until before the snow flies.

Fr. Joly also added that some of the stones remain unclaimed and their upkeep is the responsibility of the Catholic Cemeteries of Edmonton.

## survey

Cont'd From Page 1

look to the community rather than structured recreation.

Most of those surveyed said they would like to see a natural look to the community with walking trails and a country setting.

Playground leaders Jan Wilhelm and Penny Evans had a group of 30 children thoroughly engrossed in a game of Lemonade which, to those who have never played, is a cross between charades and rugby. Children attending the city playgrounds, located at the skating sheds, are also treated to drama by the 'Travelling Troubadours' and bilingual lessons.

## Bench advertising franchise discussed

City administration staff will get a chance to look more closely at a bench advertising franchise proposed for the city at the committee of the whole meeting Monday

night.

Marketing Manager Sheilagh Ross, for Bench Advertisers Limited described at length what the franchise would mean for St. Albert.

Benches would be erected

at specific bus stops in St. Albert and St. Albert would get a total of six dollars revenue per year from each bench.

Bench Advertising wants the agreement for 15 years.

If the franchise is finally granted, city transit riders will benefit; there would be more benches for them to sit on as they wait for city buses.

Up to 55 benches could come into St. Albert if the franchise is agreed on.

A motion from Alderman Barry Breadner that staff compare an analysis of seating as provided by Bench Advertising and by city staff was lost on a tied vote.

A motion from Alderwoman Myrna F. to pass the request to staff for further recommendations was carried.

## THE CITY OF St. Albert INVITATION TO TENDER

CAMPBELL INDUSTRIAL AREA - STAGE 1  
UNDERGROUND SERVICES

Sealed Tenders marked "Campbell Industrial Area - Underground Services" will be received until 2:00 p.m., M.D.T. on Friday, August 5, 1977 at the offices of the City Engineer, City of St. Albert.

Contract Documents may be obtained from the Edmonton office of Stanley Associates Engineering Ltd. on or after July 15, 1977 upon deposit of Twenty-Five (\$25.00) dollars in the form of a certified cheque. The deposit will be refunded only if the plans and specifications are returned in good condition, within one week after the opening of tenders. Plans and specifications may be seen at the Consulting Engineers Office.

The project will include the following:

Site Preparation:	Stripping	15,000 cy
	Roadway Graveling	12,000 sy
Watermain A.C.:	8 inch diameter pipe	1,350 lf
	12 inch diameter pipe	5,750 lf
	16 inch diameter pipe	650 lf
Sanitary Sewer V.C.T.:		630 lf
	10 inch diameter pipe	2,000 lf
	12 inch diameter pipe	580 lf
	15 inch diameter pipe	1,400 lf
Storm Sewer Concrete:	18 inch diameter pipe	700 lf
	24 inch diameter pipe	600 lf
	30 inch diameter pipe	1,400 lf
	42 inch diameter pipe	2,000 lf
	48 inch diameter pipe	1,750 lf

Tenders must be accompanied by a certified cheque in the amount of ten (10%) percent of the tender price and a written Consent of Surety or a Bid Bond for ten (10%) percent of the tender price.

The lowest or any tender will not necessarily be accepted.

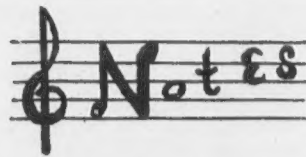

Acceptance of Tender is subject to approval of Local Authorities Board.

On Your Piano

BY

ADOLF HANTELMAHN  
REGISTERED PIANO-TUNER/TECHNICIAN

How Often

Should My Piano Be Tuned?

The standard answer for pianos in home use is between two and four times a year. A specific recommendation for your piano would have to be based on three items: humidity variation in your home, condition of your piano, and the use your piano receives.

If the humidity varies widely in your home between summer and winter, your piano will go out of tune more frequently and more radically than if the humidity is fairly stable. If your piano's tuning pins are loose, naturally they won't hold the strings in tune as long as tight pins will. Lastly, if you play your piano heavily, as a rock pianist might, or for long hours, as a student might, it will require more frequent tuning. Ask your technician to evaluate these factors for your piano, and then follow the tuning schedule he or she outlines for maximum pleasure and life from your instrument.

For answers to your specific questions or for service-appointments, please call 475-4651.

All the way from Calgary and not even a nibble was the result of Monday's fishing at Lacombe Park Lake for 12 year old Wayne Anhorn. Wayne is visiting with his cousin, nine year old (coming 10), Brad Baird of 12 Latimer Place. Brad (in background) ran into the same problem - the fish just weren't biting.

## Shopping centre causes concern

A shopping centre development proposed for the Garden Crescent-Grosvenor Boulevard area of St. Albert does not seem as if it will become a reality before August 1.

"An August 1 date for the beginning of construction is very optimistic," Alderman Barry Breadner told a Grosvenor Boulevard delegation of Frank Pidner and Brian Turner, at the committee of the whole meeting Monday night.

He also pointed out to the delegation that the centre may not be as big as they imagined.

About seven names in the local shopping world are known to be interested in the venture.

City Manager Bob Byron

told the delegation the centre was not a fait accompli but that it (the site), did exist for C-2 (commercial).

It had also been acquired for \$150,000, but there had been no application for a development permit up to now, Mr. Byron added.

One of Mr. Pidner's main concerns was police control in an area which might become a centre for late night partying.

Alderman Gary Wetsch said if there was any partying at 11:30 p.m. then the RCMP should be phoned.

He also said, "Everytime someone speeds you should make a complaint."

Alderman Rod Thronson said that complains (about the centre) should be taken, "till the application comes

forward."

Mr. Pidner felt the maximum time the shopping centre should remain open would be 11 p.m.

Mr. Pidner wondered what could be done about the centre now that its idea had been accepted and "it is going in, in a short time."

## Around Town

Mark Parent, a St. Albert youngster living at 55 Grandin Village, has turned up a lot of lucky sevens this year. Mark turned seven years old on the seventh day of the seventh month of the year 1977. He is the son of Mrs. Aline Parent.

# Back to work order kills nurses strike

A Government back to work order earlier last week soon had striking nurses at seven Alberta hospitals returning to the wards for work.

Patient transfers started during the weekend and were expected to continue early this week.

The back to work order put the spanner into the works regarding any possibility of a nurses' strike at the local Sturgeon General Hospital.

The Sturgeon General had been served with a strike notice July 6 at 9:30 a.m. from the president of the staff nurses division at that hospital. It was to be effective July 11 (Monday) at 7 a.m. But July 8, Labour Minister Neil Crawford gave the nurses across the province a back to work order which took effect at 6 p.m. July 9, last Saturday.

Two weeks ago 40 out of 67 nurses at the Sturgeon General had voted in favour of strike action to back pay demands.

Two Edmonton hospitals affected by the strike, the 949 bed Royal Alexandra and the 560 bed General reopened their emergency wards Monday.

According to a spokesman for the Alberta Hospital Association, director of employee relations E. L. Rheault said that by Wednes-

day most hospitals should be back to fairly normal operation.

Meetings have been held to discuss the appointment of an arbitrations board of either one or three members.

The decision of the board will be binding.

The nurses have been demanding an 18 percent wage increase while the AHA held

to anti-inflation guidelines of six percent.

At the height of the strike 2500 nurses had downed tools across the province.

The nurses, members of the Alberta Association of Registered Nurses (AARN) were ordered back to work last Friday by Labour Minister Neil Crawford. They had gone on strike July 4.

GETTING A HIGHER profile in St. Albert as the summer progresses, is the St. Albert "Neighbourhood Watch" team, under the tutelage of the local detachment of the RCMP. From left to right, back row are: Tom Wooding, 16, Brian Lundquist, 20, Peggy McNulty, 18 and Constable John MacDonald. From left front are: Donna Boehm, 16, Carole Hutton, 18, and project leader Joanne Coulter, also 18.

## Summer sees students working with RCMP

This summer sees six St. Albert students promoting and enhancing Crime Prevention in the City of St. Albert and rural district. It is a part of the Federal Government's Summer Job Corps Program 1977 and it is entitled "Crime Prevention and Operation Identification."

The six, ranging in age from 16 to 20, will work in conjunction with Constable John MacDonald the St. Albert RCMP Crime Prevention and Community Relations, co-ordinator; whose 1977 theme is "Neighbourhood Watch." They are identifiable by bright yellow shirts and jackets and/or I.D. cards. The students, Joanne Coulter (project leader) 18, Thomas Wooding 16, Donna Boehm 16, Peggy McNulty 18, Brian Lundquist 20, and Carol Hutton 18, will be involved in a variety of activities throughout the community. They will train citizens of St. Albert and rural district in marking valuable property and clothing with invisible ink markers and electric markers; promote home security by advising the community of the best locks for doors, windows etc., assist the old age and handicapped persons in the City of St. Albert and rural district in marking their clothing and property advising them of home security methods; deliver literature throughout St. Albert and rural district; aid in promoting bicycle security in

parks, shopping centres, playgrounds, and at the swimming pool; assist in control of lost and found bicycles in the community; work with Constable MacDonald in liaison with Kelly Daniels, the St. Albert community youth worker in the development of and operation of youth groups in an effort to reduce crimes amongst the youth; patrol parks, shopping centres, man-made lake, etc., in an attempt to reduce vandalism.

The group will be contacting Block Parents and any interested citizens of the community to assist in the marking of valuables. The group is also asking senior citizens or handicapped persons who wish to have their valuables marked to please contact Joanne Coulter at 459-7721.

It is hoped that the citizens of St. Albert will co-operate with the students in making St. Albert a safer place to live.

WHETHER OR NOT this house near Gate Avenue should have been removed at the time it was a moot question. A stop work order had been slapped on one of the doors by the city building inspector. The reason for the stop work order was that no permit for the removal of the house had been issued.

## Big plunge in City's building program

The construction market in St. Albert has taken a dramatic drop, in some cases by more than half since 1976.

In the June building permit report, total value of construction is shown at \$1.5 million, while in the same month last year it was \$2.6 million.

The total building permits over the past six months show a drop to \$8.4 million from \$17.7 million in 1976.

The major market hit by the reduction in construction is in single family dwellings.

In June, 29 single family permits were issued for a value of \$961,000.

Last year in the same month, 83 permits were issued for a total of \$2.5 million.

This same reduction in single family units is reflected in the six month total, with only 140 dwelling permits issued worth \$2 million.

At the same time last year, there were 418 permits issued for \$12.8 million.

According to Denis St. Onge, building inspector, the market has dropped a lot, although the major developers in the city are still at work.

But, he added, "I can't really see any major increase in the single family market occurring this year."

He said there should be some construction of condominium townhouses later in the year.

The value of permits should rise, he said, when work begins on the regional shopping centre slated to begin sometime in the fall.

But this major construction

project wouldn't boost the total number of permits issued for the year.

Another large project, Ron Hodgson's Pontiac-Buick is presently in the preliminary planning stages.

Mr. St. Onge said there is no indication whether construction would start on the project this year or next, if development permission is granted.

# The Gazette REFLECTS BELIEFS The Gazette

## ONLY GHOULS DESECRATE THE DEAD

As investigations continue on what must be the worst case of vandalism to strike St. Albert for some years - the recent vandalism at the parish cemetery - a very sad strand of thought emerges following the incident.

As the St. Albert Catholic Parish Priest Father Jake Joly expressed it, it seems that many people fall into the trap of thinking it was teen-agers who did the damage; and there is not even a shred of evidence to prove it.

Certainly it seems that in many cases younger people are responsible for the destruction of property in society, but this is still no excuse to jump to conclusions in this instance.

As yet, there is no proof that teen-agers were responsible for the vandalism at the churchyard, or a bull that went wild, or an insane maniac possessed of demons.

At this time a good word should be put in for the younger people of the community, many of whom are of the bright eyed variety, who would sooner help an 80 year old man across the road than take an axe to a gravestone.

And as Fr. Joly pointed out to the Gazette this week, teen-agers are among the many people of the community who have this week expressed their disgust at what took place in the Catholic cemetery last week.

An Edmontonian who made his/her dissent on the vandalism public says the picture of the vandalized St. Albert cemetery is the last straw:

"As though it isn't enough that society must tolerate the multitudes of mentally disturbed and emotionally crippled, now we must contend with ghouls who desecrate the dead."

Older people who visited the St. Albert cemetery over the past week were visibly disturbed by the damage to a sacred site and some had reportedly brought out their rosaries as they walked the graveyard.

It could be said that we should get more worried about the kinds of vandalism that are done to the living rather than the dead.

But that is all very well if you are among the lucky ones who last week did not see a dear relative's grave desecrated in a senseless and, needless to say, sick act.

The investigations on the damage still continue. Certainly this newspaper will keep a sharp look out for the apprehension of the offender and details of this will be published once the information is released from the RCMP.

### QUOTE

A reporter once asked Thomas Edison if his deafness wasn't a great handicap. "On the contrary," he said, "deafness has been a great asset to me. It has saved me from a lot of useless chatter and it has taught me to hear from within."

## Information not reflected

The July 6 edition of your publication omits certain relevant information from the column "The Gazette Reflects."

On the subject of annexation the facts indicate that, through plebiscites, the people of St. Albert have supported the annexation of some 5000 acres to the south and east while opposing the proposed BACM annexation. In so doing have not the people indicated that one of their priorities is the annexation of land for light industrial purposes capable of providing an improved tax base for the city?

Perhaps upon further "reflection" you could have concluded that the people of St. Albert do not find enjoyment in the present level of property taxes.

**D. G. NORTON**  
Braeside.

## Vandalism concerns historical society

Executive members of St. Albert Historical Society called an un-scheduled meeting Monday evening to express concern at the destruction in St. Albert Roman Catholic cemetery last week.

They inspected the cemetery, where headstones were toppled and statuary smashed at an estimated damage cost of \$75,000 on the night of July 4.

The discussion that followed produced a decision to consult with the Oblates of Mary Immaculate Order (OMI) and with Edmonton Catholic Cemeteries before choosing a course of action. About 160 markers designated the graves of Oblate brothers and priests. Edmonton Catholic Cemeteries is the administrative body for the cemetery.

## Singles in St. Albert are not self-pitying

The singles in St. Albert are not sitting around feeling sorry for themselves. A group has been formed and although still small in number, they're determined that being single is not going to get them down.

Several meetings were held in the spring, friendships made and enough confidence gained to make a dance in the fall a distinct possibility.

Other singles will be given a warm welcome by the few "originals" and they will quickly feel very much part of the group. The next opportunity for meeting will

be a social occasion which will be held on Saturday, July 16. This will be a drop-in evening and to find out more about it, please phone Community Services at 459-6601, extension 79.

The singles will welcome more single men into the group. There is every reason to believe that they have similar problems and feelings to cope with as do single women after a marriage has ended for whatever reason and the drop-in affair will give them a chance to get acquainted with others in the same situation. So, you single men out there, phone

that number and find out where and when.

## Opportunity Company increases number of loans

The Alberta Opportunity Company has announced an increase in the number of loans it has given to small businesses up to March 31, 1977 over the corresponding period of last year.

The Company has authorized 268 loans totalling \$17,531,954. Comparative figures for the previous year are 211 loans totalling \$28,022,864.

The net result is a gain in people served at a reduction in total money spent. The average loan dropped from \$132,810 to \$65,418.

Conventional lending institutions have been making the larger loans in the metropolitan areas, leaving the Opportunity Company to service the smaller non-metropolitan areas.

The annual report states that 75.7% of loans made in the past year have been made to businesses in non-metropolitan areas indicating that more aggressive action of the conventional lenders in the metropolitan areas.

Cash requirements of the company for its lending program were financed 61.4% from loan repayments a substantial increase over the 19.8% of the previous year.

As the Alberta Opportunity Company matures more and more loans will be financed from principal and

\*\*\*

Socialism won't work except in heaven where they don't need it, and in Hell, where they already have it.  
**Stephen Leacock.**

interest payments on previous loans.

## OTTAWA and Small Business

## Primeval Thoughts

by JIM SMITH

Several million years ago, the earth was covered with strange flora and fauna, some spectacularly large, others microscopically small. All of them are dead now.

Over the eons, the forces of nature converted that prehistoric vegetation into gas and oil. And, today, various governments and shareholders in petroleum companies are converting those same plant remains into cold cash. Isn't science wonderful?

Well, maybe not all that wonderful. The extra dollars to meet higher pump prices announced late in June are coming out of the earnings of those of us who have no allies among the prehistoric deceased. But we could all use a friend in the petroleum business; over the next two years, the wellhead price for domestic crude oil and natural gas will go up by 41 per cent.

For anyone associated with the oil business, this is news to set the heart racing with anticipation. The additional receipts - and we're talking about hundreds of millions of dollars - will be split up amongst governments and oil companies. The producing provinces - primarily Alberta - will take 47.5% of the increase. The federal government will pick up 27.5%. And the oil companies will get the remaining 25%. Who says there's no Santa Claus?

This is what the federal government calls a "petroleum policy". It is a policy to provide considerably more government revenue. It is a policy to dramatically in-

crease profits in the oil industry. But it certainly isn't a policy to ease Canada out of the energy crunch.

The catch is fundamental: it isn't enough to say that higher prices will reduce energy consumption. Some provision must also be made for exploration and development of new oil fields. Research funds must be made available for discovering new sources of energy. The Canadian Federation of Independent Business, for example, has been stressing the desirability of a balanced approach to the energy problem. The Federation emphasizes that more sweeping government policies are needed so that alternate forms of energy - like wind, solar, and improved heat pumps - are developed. Canada needs policies that will encourage smaller businesses with imagination and drive to develop more appropriate energy technology.

None of the additional government revenues have been earmarked for this purpose. Instead, they will flow into general revenues. And the oil companies will not be forced to invest in more exploration and development of oil.

Presumably, Canada cannot avoid being forced into the OPEC oil price spiral even for domestically-produced oil. But a comprehensive oil policy would include detailed plans for using those additional funds generated by astronomically higher oil prices to insure against future energy shortages.

Sadly, the thinking behind the current oil "policy" is as primitive as the plants that went into our oil and gas.

## THE CITY OF St. Albert HOLIDAY GARBAGE PICK-UP

Garbage normally picked up

**MONDAY, AUGUST 1, 1977**

will be picked up on

**TUESDAY, AUGUST 2, 1977**

Residents are asked to have their garbage at curb side by 7:30 a.m. on pick-up day.

## What Caught Our Eye

### TOURISTS DYING OF HEAT-WAVE From Associated Press

Greeks and Turks sweltered this week in the highest temperatures in 50 years.

Some foreign tourists were reported to have died of heart attacks and scores of persons were admitted to hospitals with heat prostration.

Temperatures hit 41 degrees in Athens and 46 degrees (105 and 114 degrees Fahrenheit) in the nearby suburb of New Philadelphia.

Forest fires raged out of control in northern Greece, near Salonica, near Athens and as far away as the island of Crete, in the southern Aegean.

In Atnalya, Turkey, temperatures reached 67 degrees (152 degrees Fahrenheit) in the sun in the resort city Sunday, the hottest day in half a century.

Turkish officials said at least 40 persons, many of them children suffering from sunstroke, were hospitalized.

The temperature in the shade was cooler but still stifling - 42 degrees (107 F.)

In Ankara, 240 miles to the north, the temperature was 40 degrees.

### SENIOR CITIZEN MAKES CYCLE TREK from the Edson Leader

Seventy-eight year old Albert Perrin of Peers, Alberta (20 miles east of Edson) recently returned from a bicycle trip to Unity, Saskatchewan. Mr. Perrin figures he peddled his bike a total of 400 miles on the trip.

On the way back he received a ride from a relative to Leduc. Mr. Perrin spent most nights camped in his tent except for a stay with his sister in Provost.

Meals were taken in restaurants along the route but Mr. Perrin carried some food with him on the road.

He experienced only two mechanical breakdowns on his three wheeler - a broken front axle and a worn out rear tire. The rear tire, an unusual size, gave the Saskatoon department store he went to a bit of trouble to locate, but they eventually came up with the right size at another store and Mr. Perrin was back on the road.

Although he met many nice people on the road, Mr. Perrin thinks he has had enough travel for a while and plans no additional trips for the future.

### CARTER'S DECISION ON B-1 BOMBER HAILED from the Washington Post.

We hail Mr. Carter's decision not to start producing the B-1 bomber. And what is more we like the way he seems to have made it - setting aside his campaigning pronouncements against the plane and weighing it on current merits.

We find the decision itself sensible. Old faithful B-52s can fly off enemy territory and fire cruise missiles, pilotless drones that weren't in the picture when work on the B-1 began.

This obviates the need for the B-1s, at upwards of \$100 million a copy, with which to penetrate enemy defenses. The familiar strategic triad (land and sea-based missiles and bombers) is unimpaired.

But let rejoicing be restrained. It is bracing to see a production decision on a costly new weapon rendered by considered judgement rather than by the mad momentum of arms building. But there can be no guarantee that the money will be permanently saved or that the Soviet-American strategic relationship will become more stable.

For the B-1s demise is the Cruise missile's debut. Strategists like the Cruise for being cheap, accurate and versatile - and because we're way ahead in its development. Arms controllers fear it for being cheap, accurate and versatile - and hard to count and verify. The short-ranged air launched Cruise missile that Mr. Carter plans to put on the B-52 is evidently not on the SALT table. But the services are chomping to build other kinds of Cruise missiles including long range and land based ones.

By doing one you lower restraints against others. Already we're arguing with the Russians over whether bombers equipped with Cruises should be counted against the sub-ceiling contemplated for multi-warhead launchers. It has got to be easier to resolve such arguments before the weapons in question are deployed.

## Council Briefs

Following are some of the highlights from the regular meeting of St. Albert's committee of the whole Monday night. All aldermen were present except Mayor Dick Plain who is on holiday.

**COMMITTEE OF THE whole** carried a motion that it host a luncheon for delegates to the Alberta Homemaker Services Conference to be held in St. Albert in September. St. Albert will throw in \$300 for the event.

The St. Albert Help Society will be directly involved with the conference which will be held at the St. Albert Inn September 28, 29 and 30.

**MRS. L. BAKKER** was concerned about the fact

council agendas had not been posted on city hall's front door over the past two weeks.

City Administrator Bob Byron said the matter would be investigated.

Mrs. Bakker also wondered if chairmen of larger committees like the Municipal Planning Commission should not get larger salaries.

The doctor was visiting the hillbilly's wife to deliver her 10th offspring. As he approached the house, he saw a duck in the front yard.

Doctor: "Whose duck is that?"

Hillbilly: "That ain't no duck, Doc. That's a stork with his legs wore off."

### NOTICE

## TO BRITISH SUBJECTS RE MUNICIPAL AND SCHOOL BOARD ELECTIONS

The Alberta Legislature has passed major amendments to both the Municipal and School Election Acts in that all electors must now be Canadian citizens. In particular, this means that British subjects will not be allowed to vote at the Municipal and School Board elections to be held on October 19 this year regardless of the fact that they were eligible to vote in previous years. It is, therefore, suggested that those British subjects wishing to vote at the Municipal and School Board elections as well as future Federal and Provincial elections should immediately file their applications for Canadian citizenship at Citizen Registration, 9828 - 104 Avenue, Edmonton.

A person is qualified to vote as an elector if he/she is of the full age of 18 years and; is a Canadian citizen and; has resided in Alberta for six consecutive months immediately preceding nomination day and is resident in the municipality on nomination day.

## Y swim lessons to begin in private pools

Because of the generosity of two St. Albert residents, 120 children and adults in this city will get a crack at learning to swim this summer. The lessons will take place in two swimming pools owned by private citizens, who have donated their pools for use in the program.

This is the first year for the program in St. Albert, although the YMCA has operated the swimming lessons in Edmonton for four years. Y official Mike McGlynn told the Gazette that the program has "gone over really big" in St. Albert.

Each pool owner donated his pool for one-half day every week day for the duration of the two-week program. Each daily lesson lasts for 40 minutes. Swimmers are grouped according to their ability. There are pre-beginners, beginners, and the star classes, which range from class 1-6. These star classes are similar to the Red Cross junior, intermediate and senior classes. In addition, there are classes for two to four year olds, who must be accompanied by a parent, and for adults, there are "Scared Stiff" classes.

All instructors are YMCA trained, and the classes enjoy a low student-instructor ratio -- there is one instructor for every five

students. Only 10 persons are in the pool at one time. There are a few vacancies left in the St. Albert program, which gets underway on Monday, July 18. Anyone interested in enrolling their child or themselves should phone 452-9204. There is a charge for the program, which operates on a non-profit basis.

Anyone owning a pool who would consider donating it for another program could also phone the above number, as the Y will initiate another program in August, should the facilities be available. Only the pool itself is involved in the program, as swimmers come dressed for swimming, and leave immediately after the lesson.

### PAYROLL CLERK

Required immediately to assist our Senior Payroll Officer. Applicant should have Grade 12 diploma, typing of 50 wpm and two - three years experience in payroll related functions. Duties will include working with computerized payrolls for approximately 700 employees, reconciliation of benefit accounts and payments and various typing duties.

Excellent compensation and benefits package including dental plan. For an interview appointment please contact:

## City bus service is adequate

In response to a call from an irate bus passenger, the Gazette decided to poll bus users on the adequacy of the St. Albert-Edmonton bus service. Gazette staffer Vicki Knight stationed herself at 6:45 a.m. at the Klondike Inn bus terminal and asked waiting passengers if they felt the service to Edmonton was adequate, and encouraged comment on the matter.

Out of the 25 people polled, 15 stated they found the service adequate for their needs. Six people had negative comments to make, while two felt it had im-

proved. One person found it adequate for evening use, but pronounced herself "not too impressed" with morning service. The remaining passenger had never used the service before.

Some of the comments made included the following:

"No! I have ridden the bus for two years every day and the connections are terrible. There is not enough time for buses to make the connections. They changed it around in April and loused it up. They took two buses out of Akinsdale and one out of Grandin. I phoned them twice about it but it doesn't help. They are also short of drivers."

"Service is better than it has been -- it's improving all the time."

"The service is pretty good. The prices are good for kids -- I pay 45¢ and then can transfer to the south side."

"It isn't really adequate. It's too expensive and you can't transfer from an Edmonton bus to a St. Albert bus."

"Pretty good service. It might be better if the St. Albert buses just circled St. Albert and there was a separate run to the city."

"Late evening service is not that good. The schedule isn't as good as it used to be."

"Yup -- it's good enough for me!"

## Bill Cuts receives four Lion awards

In St. Albert, the words 'community service' and the name of Dr. Bill Cuts are nearly synonymous. Recently, the Lions Club, of which "Doc" is a vital member, has seen fit to recognize his unflagging efforts by the presentation of several awards.

At the Lions Club District Convention in Banff, Dr. Cuts was presented with the District Governor's Award for service rendered on the District cabinet. Another prestigious award was presented to him by Lions International, for his work as district membership chairman. The district in which St. Albert belongs, and of which Dr. Cuts was membership chairman, stretches from Edmonton to the Northwest Territories, and consists of 36 Lions Clubs.

"Doc's" third honour was a Certificate of Appreciation from the President of Lions International, for his accomplishments in the membership field, in which he recently recruited more than the expected quota.

Dr. Cuts also received Extension Award Number Five, for organizing his fifth Lions Club, the Edmonton

DR. BILL CUTS

River Bend Club. In the past, Dr. Cuts was responsible for organizing Lions Clubs at Legal, Spruce Grove and Alberta Beach, as well as the St. Albert Breakfast Lions.

# First Seniors Newsletter

The first newsletter specially prepared for members of St. Albert Seniors' Club was put in the mail a few days ago. The response so far has been very enthusiastic and Editor Dorothy Smith and her assistant, Pat Evans (who also happens to be her sister) are to be congratulated on the results of their efforts. And thanks are also due to Pat Brock and Pat's husband, Gordon, who helped to get the paper out.

The paper was sent to paid-up members and to others who, it is hoped, will become paid-up members by filling in the membership form on the last page. Anyone who would like to receive a copy should phone the Editor, Dorothy Smith at 459-7638. Up to date news about the Senior Citizens' activities will continue to be published in the Gazette through the courtesy of the Editor; keep reading it.

Cards and bingo continue to be played on alternate Tuesdays at 1:30 p.m. At the card party held on July 5, the lucky winners were Thyra Parker and Leon Szuba, while Lily Millar and Mr. Arcand took home consolation prizes.

The next card party will be held on Tuesday, July 19 and bingo on July 12.

The choir practices scheduled for Mondays at 1:30

p.m., have been cancelled for a few weeks. People are busy, have company or are going on holidays and attendance has been very low. Watch for when the practices start again in the Gazette and on the calendar at the Centre.

And be sure and come and see the slides that Dan Richardson took when he and Agnes went on that wonderful cruise to Alaska. He'll be showing them at around 12:45 p.m. on Thursday, July 14 - everyone is invited.

Everyone can't go to Alaska but members of the Club are really enjoying the bus trips taking place every other Wednesday. On Wednesday, July 6, the original plan was altered slightly - the weather could have been better, to put it mildly, but Ed Savoie saw to it that the passengers on the bus saw a variety of scenery - from an Edmonton Southside shopping centre, the oil refineries, Devon, Thorsby, Leduc, etc.

Russell Naves is very busy arranging the bus trips. Plans are being made to visit the Alberta Game Farm on Wednesday, July 20. The bus will leave the Centre at 1:30 p.m. and get back at 5:30 or 6 p.m. Anyone wanting to go should phone Lily Szuba at 459-8809. And remember, there are a limited number of seats on the bus. If the weather is fine, bring a lunch which will be eaten on arrival at the game farm. And if the weather turns nasty, plans will be adjusted accordingly and lunch will have to be bought somewhere. Admission to the Game Farm is \$1 for the over - 65's and \$2 for those under.

Then on Wednesday, July 27, there will be an opportunity to take in the Klondike festivities at the Kinsmen Fieldhouse when it will be a special day for senior citizens with continuous entertainment.

The bus will leave the Centre at 2:30 p.m. and there will be a supper served at the Fieldhouse from 5:30 - 7:30

p.m. which will cost \$3.85. After the supper, a bus will leave for St. Albert for those who are not staying for the dance from 7:30 - 11 p.m. The bus will come back and pick up the dancers at 11 p.m.

Reservations for this outing and payment of the \$3.85 must be made before July 20. Contact Russell, Lily Szuba, Dan Richardson, Emile Laplante and other members of the executive for information and to make sure you get in on this exciting outing.

## The new rent decontrol regulations make interesting reading

The new Rent Decontrol Act establishes a system for phasing out rent controls in Alberta. This Act becomes effective July 1, 1977, and ends June 30, 1980.

**The Act applies only to residential premises rented at any time during 1975.**

### 1977 INCREASES

In 1977, a landlord may increase the rent by not more than 9% of the December 31, 1976 rent. The landlord may, however, apply to the Rent Decontrol Board for a further increase if additional costs justify it.

### BASE RENT

Base rent is the permitted or approved rent charged on June 30, 1977 or, if the residential premises were not rented on June 30, 1977, the rent charged when the premises were last rented.

### EVICITION

A tenant may not be evicted because of a complaint to a Rent Regulation Officer or because of a refusal to pay an illegal rent increase.

### RENT DECONTROL

If the "base rent", plus any allowable increases, exceeds a specified level after July 1, 1977, the residential premises will be exempt from the Rent Decontrol Act on January 1, 1978 (or six months after this level has been reached, whichever comes later).

These levels are \$375 per month on residential premises with 3 or more bedrooms, \$325 with 2 bedrooms and \$275 with less than 2 bedrooms.

### MOBILE HOME PARKS

In the case of a mobile home park, consisting of 5 or more sites, where the landlord wishes to terminate a tenancy, or tenancies, and when the main reason for doing so is to use the site/s for purposes other than for mobile home sites, the landlord must give the tenant/s one year's notice of termination of tenancy.

**If you don't understand this new Act, or if you're involved in a landlord-tenant dispute that you and your landlord together can't resolve, then contact us at your nearest Rent Decontrol Office:**

## New books available at the St. Albert Library

By Margrit McCreath  
**Agatha Christie: First Lady of Crime** by H. R. F. Keathing. The indisputable first lady of crime, Agatha Christie, was also a mystery herself and a mystery, too, in the manner in which she achieved her astonishing success. Keathing has assembled a dozen distinguished writers to throw light on this writer.

By Persons Unknown: **The Strange Death of Christine Demeter** by George Jones and Barbara Amiel. In July of 1973, Christine Demeter, beautiful wife of a Toronto developer, was found murdered in the garage of her luxurious home. One month later, headlines blazed the news that her Hungarian-born husband was charged with procuring her murder. A bizarre tale of sexual intrigue and murder plots unfolded at the sensational trial.

**Illusions: The Adventures of a Reluctant Messiah** by Richard Bach. A mystical adventure story about two barn-storming vagabonds who meet in the fields of the midwest, each doing what he really wants to do. Richard has been wondering how Jesus would appear in our

time and after much fun and a constantly mind-whirling dialogue realizes that he has met a Messiah who has decided to quit.

**Ken Danby** by Paul Duval. A complete survey of the career of Canada's internationally renowned realist painter. Paul Duval, leading art critic, traces his work from early abstractions to his most recent canvasses. Superbly reproduced colour and

black and white plates.

**Last Ditch** by Ngaio Marsh. Dulcie Harkness, horsewoman and whore, met her last ditch on one of the Channel Islands. Ricky Allen noticed something that made him believe her death was murder and soon his father, Inspector Allen of Scotland Yard, was on the scene and Ricky's life was at stake.

**Nadia: The Success Se-**

**crets of the Amazing Romanian Gymnast** by Ion Grumeza. Nadia - that word alone sums up the 1976 Montreal Olympics. It recalls those now legendary five days when Nadia Comaneci, a tiny, serious, 14 year old Romanian athlete, was judged "perfect" and won the adoration of millions. Richly illustrated with superb photographs.

## Hire A Student

By Caryn Duncan  
Manageress

IT'S A COMMUNITY EFFORT!

With two months of summer holidays ahead of us and approximately 200 students willing and anxious to work, a phone call to the Hire A Student office would give one of these students, the opportunity to make some spending money - or fatten their bank accounts for their future education.

Just remember this when you have an odd job around your home that needs doing and you just can't find the time to do it.

And businessmen can save

time by calling the office 459-6601, ext. 80, thereby cutting out hours of interviewing potential employees. This will be done for you or, alternatively, I can refer one student at a time to you till you succeed in filling the vacant position with a competent worker. Just let me know what you're looking for.

The H.A.S. office is a service for students seeking employment and employers

looking for students. If you're an employer, it's a quick and easy way of finding a worker and getting the job done efficiently, whether it is casual, temporary or permanent. I know I can find the student for you!

Office hours are from 9 a.m. - 12 noon and 1 - 4 p.m. Monday through Friday and you'll find me in the Community Services Department, 20 Muir Drive or phone 459-6601, ext. 80.

## Good response for pre-schoolers playground

The response to the Monday morning pre-schoolers playground program has been more than overwhelming and unfortunately it is running into problems through no fault of the leaders.

It must be noted that IT IS NOT A BABYSITTING SERVICE! Believe it or not, some mothers even left diaper bags (along with their children, of course) at the play-

grounds! So - here is an important ground rule: children of both two and three years MUST be accompanied by a parent. And here is an important request: there are five more Mondays left in the program and parents, please try and help for even just one morning so that the ratio of leaders and pre-schoolers can be kept at a reasonable level.

## WEBER BROS. SELECT HOMES OF THE WEEK

459-6686

24 HOUR SERVICE

#### EXCELLENT STARTER HOME

Gorgeous cedar bungalow with matching single car garage. Completely remodelled interior, well carpeted. Fourth bedroom and rumpus room in basement. August 1st possession. Asking \$62,900. Call VICKY CAMERON at 459-6686 or 458-0771.

#### FOREST LAWN

Attractive 3 bedroom, 1190 sq. ft. bungalow. Features 1 1/2 baths and large kitchen. Fully fenced, attractive landscaping and patio. Also a large 22 x 26 insulated garage. This home is super clean! Call RON KAYE at 459-6686 or 458-0397.

#### TREED RAVINE LOT

Spacious family home, 4 bedrooms, sunken family room with fireplace, double garage. For more information call CORRY KLIPARCHUK at 459-6686 or 459-5249.

#### RAVINE LOCATION

1309 sq. ft., exposed basement. Five year old bungalow on a treed ravine lot. Sunken living room, fireplace, beautiful Fair Oaks Drive location. Call EDITH-MARY BOURGEOIS at 459-6686 or 458-8325.

#### HALLMARK BUNGALOW

1360 sq. ft. 4 bedroom bungalow. Ground level developed basement, 2 fireplaces. Over 2000 sq. ft. developed by Builder. 3 Bathrooms, deck, double gar age. Must be seen. Call RON MORRITT at 459-6686 or 459-8211.

## VACATION HOMES

#### LAKESHORE SEBA

Sandy beach, heavily treed, 4 bedrm., winterized, view location, very private, F.A. heating, 1370 sq. ft.

#### LAKE ISLE

2 Bedrm., open fireplace, large spruce trees in front. Close to lake. \$22,000 or offers.

#### LAKE ISLE

Brand new 3 bedrm. Some finishing has to be done. Only \$19,500. All cedar.

#### SOUTH SEBA

Only 2 yrs. old. New fridge, stove, oil heater. Salesman will be at South Seba Beach Saturday and Sunday. Follow the signs. JOHN KOSTER, 459-6686 or 458-1787.

## EXCLUSIVE RESIDENTIAL LOTS

FOR THE DISCRIMINATING PURCHASER  
PLANNING THAT ONCE IN A LIFETIME HOME

WE HAVE AVAILABLE JUST 22 SINGLE FAMILY LOTS IN A LANDSCAPED RAVINE BOUNDED LOCATION.

## WEBER BROS. THE ACTION TEAM

FOR THE BEST PRICE WITH THE FEWEST PROBLEMS IN THE SHORTEST TIME 459-6686

# Concerning Women Of Today's World

## Jean Begley writes:

One of the greatest bugbears of modern civilization today is noise. Noise of traffic - why must drivers go round corners or accelerate so hard that the tires squeal - noise of aeroplanes, noise of inconsiderate neighbours' radio, noise of railway trains, the list is considerable.

Scientists are exercising their minds to consider how this problem may be abated and of course it will eventually be solved, just as the smoke pollution has been controlled in many countries. I was thinking about this on a recent early morning when, after a restless night caused

by lightning and thunder, I was suddenly awakened by the wailing sound of a railway engine's siren. I suppose the wind was blowing towards my house and therefore it seemed very loud but does the driver have to prolong the agony quite so long? I am aware that as

there are no protective gates at road crossings, he must ensure that the public are aware of his approach, but the sound does seem to go on and on in the middle of the night or early morning. It would be interesting to know what your readers think?

Here are some answers to

queries received this week:

**Ques.** When visiting a friend's home, should I or my wife offer to assist our hostess to pass around the various plates and dishes?

**Ans.** Yes, you should. A man who is a guest always offers to help his host or hostess in any duties which call for assisting to carry trays or dishes; or, to help in serving drinks and collecting glasses. Your wife may offer to help too. Usually one person helping is enough unless the party is a large one, when close friends may give their assistance.

**Ques.** My hair is very fine and I seem to have plenty of it, but it never looks anything to write home about. Could you help me to treat it in some way, so that I may have a better appearance?

**Ans.** You should buy a good protein conditioner, which can be purchased in any good store. A protein conditioner is different to any other and you must leave it on your hair for at least 20 minutes to half an hour and then just rinse off. This will strengthen the fibres of the hair, as the protein lines each one, making it thicker and

this will improve your appearance.

**Ques.** I have been given a present of six Royal Doulton dinner plates. As we very seldom have formal meals when I might use them, could you suggest some other use which would please my Grandmother who gave them?

**Ans.** These plates must be really lovely, as all Royal Doulton china is. May I suggest that you make or get made, six wire frames to attach to the back of each plate and with a hook or ring to hang on a nail. If they were placed on a light colored wall in your living or dining room it would show them off to the advantage they deserve.

**Mrs. Begley** cannot answer all requests for information personally but as many concerns overlap she endeavours to handle all problems presented in her continuing columns. Readers are invited to address correspondence on any social situation or etiquette matter to Mrs. Begley in care of the Gazette, Box 263 St. Albert, where they will be picked up regularly by the author.

## A Drinking Quiz

Recently, the Public Television System presented a special on alcoholism, hosted by Carol Burnett and produced by WQED, Pittsburgh. On the program, a quiz was presented by E. G. Marshall, to enable relatives to identify problem drinkers close to them. The questions were as follows:

1. Do you worry about how much they drink?
2. Do you complain about

how often they drink?

3. Do you criticize them for the amount they spend on drinking?

4. Have you ever been hurt or embarrassed by their behaviour when they drink?

5. Are holidays in your home unpleasant because of their drinking?

6. Do they ever lie about their drinking?

7. Do they deny that drinking affects their beha-

viour?

8. Do they say or do things and later deny having said or done them?

9. Do you sometimes feel that drinking is more important to them than you are?

10. Do they get angry if you criticize their drinking or their drinking companions?

11. Is drinking involved in almost all your social activities?

12. Does your family spend almost as much on drinking as it does on food?

13. Are you having any financial difficulties because of their drinking?

14. Does their drinking keep them away from home a great deal?

15. Have you ever threatened to leave them because of their drinking?

16. Have you ever lied for them because of their drinking?

17. Do you find yourself urging them to eat instead of drink at parties?

18. Have they ever stopped drinking completely for a period of time, and then started again?

19. Have you ever thought about calling the police because of their drinking behavior?

20. Do you think that drinking created problems for them?

In St. Albert, Alcoholics Anonymous meets Tuesday night at the Kinsmen Community Centre on Larose Drive, and on Friday night at 8:30 at Newman College. Alanon meets on Tuesday night at the Kinsmen Community Centre, also at 8:30.

## The Homemaker

By Gail Lemke

### SALAD MONTH

July is salad month. With gardens and supermarkets providing a variety of fruits and vegetables it is a good time to make the most of the supply. A salad can add cool interest to a meal, be a meal in itself, or even dessert.

Tossed salads can be made from any number of greens and vegetables. The ingredients may be prepared and refrigerated about six hours before serving time. Lettuce, onions, celery, radishes, etc. can be stored together in a covered container. Cut-up tomatoes, cucumbers, or any watery vegetables, should be stored separately as their liquids with salad greens - always add the dressing to a tossed salad just before serving.

Fruit salad can be served with the main course or for dessert. Some fruits require special care. Strawberries should be refrigerated whole and unwashed. Before ser-

ving, the berries are washed then the hulls removed.

Other berries should be stored unwashed and uncovered in shallow containers to prevent crushing. The cut surface of peaches, pears, cherries, and apples should be sprinkled with lemon juice to minimize darkening.

A salad can become a complete meal with a few additions. Cold, cooked meat fish, or hard cooked eggs cut in bite size pieces; rice, potatoes, noodles and other pastas; cottage cheese, yogurt, and sour cream; all of these are ideas for making a salad a complete meal.

Jellied salads are made with either plain or flavored gelatin. The plain is used when other ingredients provide the flavor, such as tomato juice in tomato aspic. Flavored jelly powders, both sweet and savory, impart their own distinctive flavor.

Salads made in tin, aluminum or copper molds are easier to unmold than those

made in glass or ovenware. Before filling molds, brush the inside very lightly with oil to facilitate unmolding.

Interesting designs for jellied salads can be made using thin strips, slices, or pieces of foods, such as marachina cherries, pimento, hard cooked eggs and olives. Once you have prepared a design, pour hot jelly mixture into a mold to a depth of 1/4 to 1/2 inch, depending on the thickness of the food pieces. Arrange the design in jelly mixture and let stand until almost firm. (Place mold in pan of ice water to speed setting time).

Finish according to what ever recipe you are using, but to avoid disturbing the design, be careful to spoon some of the salad mixture into the mold before adding the remainder.

Be creative - experiment with salads during July, salad month, and all year long.

# Local Lions attend annual convention

From June 29 - July 2 the city of New Orleans was invaded by a pride of 35,000 Lions -- members of the Lions Club International and their wives. The Lions were

in the city for their annual convention, which last year was held in Hawaii, and is slated for Tokyo next year. Lion Bill Cuts of St. Albert was in New Orleans and reported on the event to the Gazette.

The Lions International is the largest service club in the world, with a membership of

1,198,000 and clubs in every free country in the world. The convention was centered in the city's Superdome, which has a capacity of 80,000, and which could fully contain a 27-storey building.

The Lions kicked off the proceedings with a parade through the streets of the city, with Lions and their

wives dressed in their full regalia, accompanied by marching bands. Participants were present from all free countries, including 70 marchers from District 37, of which St. Albert is a part.

The massive group then proceeded to the business part of the convention which was comprised of resolutions, instruction and elections. Each annual convention is charged with electing one half of the international club's 28 directors, to serve a two-year term as well as one third vice-president, who eventually moves on to the presidential position.

District 37 had a particular interest in the proceedings, as they had nominated a candidate for a directorship. Their efforts in this direction met with success, and Judge Brian Stevenson of Calgary

was elected as an International Director. Judge Stevenson was appointed to the Alberta Provincial Bench in 1974.

To further their campaign efforts, District 37 operated a booth at the convention with six people constantly on hand to disseminate information.

In other business, Bill Chandler, Montgomery, Alabama was elected third vice-president, and Joseph McLoughlin, Stamford, Connecticut took over as president. In his presidential address, Mr. McLoughlin stated he would stress youth activities, student exchange, extension, membership development, Lions Clubs, leadership, fulfilling community needs, and the Lions International Fund.

The Lions International Fund was organized two years ago. The fund's organizers hope to raise \$1 per member each year, which would be over \$1,000,000 each year. One hundred percent of this fund would be used for world relief -- in famines and other disasters. None of the monies will be used for administrative purposes, and through the fund the Lions have contributed more than any other three service clubs combined.

Dr. Cuts also reported that the Lions were given a guided tour of the city. When someone noted that phone calls were only 5c, and that licence plates were only \$6 for two years, the guide explained that New Orleans could manage this fiscal feat because they "had the best politicians money could buy!"

\*\*\* \*\* \*

The Alberta Motor Association advises that many motorists will be making trips of under 50 miles from home today. Make sure seat belts are fastened during these trips. Most accidents happen within a few miles of home and at speeds under 45 miles an hour.

# Applying for a Social Insurance Number for the first time? Don't listen to how someone did it last year.

Where you apply for a Social Insurance Number and what you need when you apply. Where? Your local UIC office. What will you need? Proof of your identity.

If you were born in Canada, you'll need a primary document like a birth certificate or a baptismal certificate from Quebec. Naturalized Canadians need their citizenship certificates. If you're a landed immigrant you'll need your immigration papers. Originals or certified copies are needed.

You'll also need secondary identification. It can be something official with your name on it, like a driver's licence or a school report card. Here photocopies are fine.

You don't want these important documents lost or misplaced. That's why we ask you to go, in person, to your local UIC office. They'll approve your documents on the spot, help you with your application and send it to Ottawa. You can take your documents home right away. You'll get your Social Insurance Number card in the mail.

If you can't get to a UIC office you can go to a Canada Manpower Centre or you can mail your application direct to Ottawa. But you'll have to send original documents or certified copies. And if there are problems with your application or documents it's going to take longer to iron them out than it would face to face in a local office.

Establishing your identity is the best way to make sure your Social Insurance Number stays with the right person. And that's pretty important.

AND YOURS  
ALONE.**

# EDUCATION COMMENT

## Chemistry professor to get British award

A University of Alberta professor whose work has earned him recognition as one of Canada's top scientists and a worldwide reputation as one of the leading chemists in his field is to receive a major award of the Chemical Society of London.

It was recently unanimously agreed in London that Dr. Raymond U. Lemieux should be the fourth recipient of the prestigious

Haworth Award and Medal when it is awarded next April. As the award winner, Dr. Lemieux, a native Albertan and the first Western Canadian selected a member of the Royal Society of London, is to deliver the Haworth Lecture in England on April 11, 1978.

Dr. Lemieux's first major contribution as a chemist was the synthesis of sucrose -- common sugar -- something

which had been tried for more than one hundred years by the world's top chemists without success. He later did pioneering work involving the use of nuclear magnetic resonance spectroscopy to provide insight into the structure and nature of various carbohydrate molecules.

His synthetic chemistry work in the field of antibiotics, particularly amino-

glycosides, penicillins and cephalosporins, has led to the commercialization of several significant new life-saving drugs. His research in the related field of synthetic blood group antigens has resulted in discoveries which the national director of the Red Cross Blood Transfusion Service has said he feels "will greatly contribute to the preparation of blood banking reagents throughout

Canada and the whole world for years to come ... and may be the stepping stone to even more exciting findings in tumour immunology."

Raymond Urgel Lemieux was born in Lac La Biche, Alberta in 1920. After gaining a Bachelor of Science degree with honors in chemistry at the University of Alberta in 1943, he continued his studies at McGill University, receiving a Doctor of Philosophy degree in 1946. He then did postgraduate research at Ohio State University, where he helped determine the structure of the antibiotic streptomycin. Other awards Dr. Lemieux

has received include the Louis Pasteur Medal of the Association Canadienne Française Pour L'Avancement des Sciences, the Palladium Medal of the Chemical Institute of Canada, and the Centennial of Canada Medal. He has been awarded honorary degrees by the Canadian Universities of New Brunswick, Ottawa and Laval and by the Université de Provence, Marseille, France. His investiture as officer of the Order of Canada occurred in 1968.

Last year he was appointed to a three-year term on the National Research Council.

## Leadership course, Summer School to open soon

Two events co-ordinated by the department of clinical services within the Faculty of Education at the University

of Alberta are set to open soon.

A leadership course for counsellors and principals

will be conducted at the Alberta School for the Deaf, 6240 - 113 Street, Edmonton, July 10-15.

The second event, a summer school for children with learning disabilities, will be held July 18 to August 11 in room 1-152 of the Education 11 Building on campus.

About 60 participants from the four western provinces will attend the leadership course which is designed to enhance counsellor skills and knowledge and to improve the quality of leadership in educational settings.

During the week, counsellors and principals will have an opportunity to become informed of new techniques and trends in education and to discuss a variety of problems relating to practice.

Approximately 20 children with learning difficulties will attend the summer school from 10 a.m. to 12:30 p.m. daily. Most of the children are from outlying communities such as Athabasca, Fort McMurray, Edson, Smoky Lake and High Prairie.

Before the school opens, a teacher will provide individual pre-assessment and develop and implement a remedial program for the child to follow until the school concludes.

The program, which is aimed at children aged 9-12, will focus on academic skill development and, if required, social development skills.

## Ontario system makes drop-outs self reliant

In a time when educational institutions are under fire for failing to prepare Canadian young people for the realities of modern life, an institution in Ontario is winning praise for its success in this area.

Twin Valleys Community, a project of Ontario's St. Clair Community College, is in the business of educating

drop-outs. The students are the produce of a system that failed to teach them self-sufficiency, and once on their own, they have failed to cope.

The school's program stresses practicality. Students grow their own food, build their own buildings, and learn about modern, people-oriented technology, such as

solar energy. Some students stay at the school for as little time as 10 months, but when they leave, they have learned skills that they can market in the outside world.

The Canadian Federation of Independent Business has said it would like to see more of such projects, which they feel must be the wave of the future.

## ATA awards announced

The ATA has announced that the winners of its two \$4,200 fellowships in education are Rebecca Coulter, a County of Strathcona teacher, and Barbara Samuels, a teacher with the Calgary Board of Education.

In addition, the two ATA administered \$500 P. Lawson Travel (Ltd.) Scholarships have been awarded to Jake F. Woloshchuk, a Calgary teacher and member of the ATA's Provincial executive council, and Margaret Shupe, an Edmonton teacher.

Ms. Coulter, recipient of the J. W. Barnett Fellowship, is currently completing her M.Ed. in educational foundations at the University of Alberta and expects to continue at the doctoral level in September.

She has taught grades 3 to 10 in the past nine years and has been active in ATA affairs, both provincially and at the local level.

Barbara Samuels, vice-principal and counsellor at Robert Warren School in Calgary, will use her F. J. C.

Seymour Fellowship to complete doctoral work at the University of Oregon. Her research involves an investigation of sex stereotyping as seen by elementary school pupils.

Mr. Woloshchuk's travel scholarship will help support a study of the Associateship program in the United Kingdom. He is a teacher at Dr. E. P. Scarlett High School in Calgary and is active in curriculum development, currently being the ATA representative on the Department of Education's Curriculum Policies Board.

A teacher for 28 years, now at Delton Elementary School in Edmonton, Margaret Shupe will use her P. Lawson Travel Scholarship to pursue studies in curriculum at Alnwick, England, furthering her knowledge about the British infant school.

In evaluating the socialistic welfare state, it might be timely to reflect on a few basic economic truths, which have been proved many times in the course of history:

Governments cannot give

to the people what they do not first take away.

You cannot multiply wealth by dividing it.

You cannot legislate the poor into economic freedom by legislating the wealthy out of it.

# Nurses told of AARN structure and function

On June 21 53 nurses attended a meeting sponsored by the St. Albert Nurse's Interest Group. Speaker for the evening was Catherine Boyce, who is chairman of the executive

committee of the North Central District of the Alberta Association of Registered Nurses. In her presentation she explained the structure of the AARN and the Bylaw Amendment

that would delete all reference to the Collective Bargaining structure.

The province is divided into five districts. Each district is made up of several wards. Members are elected from the wards to sit on the executive committee of each district. Nineteen members from the district executive committees comprise the provincial council which is the governing body of the AARN. The provincial council employs an executive director Yvonne Chapman R.N. to administer its affairs. A ward representative facilitates communication between wards and the district executive committee. St. Albert is in Ward 11 of the North Central District and Margaret Romaine is our ward representative.

The AARN has three major areas of concern - the professional, the public and the individual.

Under the professional heading the AARN is charged with the responsibility of administering the Registered Nurses Act as a protective service to the public and with improving standards of nursing. The association maintains records of all nurses in Alberta, processes applications for registration and renewals of membership. And also collects data for national and provincial statistics on nursing. It provides

assistance as required to nurses to qualify for registration and verifies their status for registration elsewhere.

The AARN provides opportunities for continuing education and professional development of members. Workshops, seminars and institutes are sponsored by committees and groups within the structure of the AARN and in co-operation with other agencies. Participation of members at all levels of nursing provides them with an opportunity to share in developments in nursing and to keep abreast with new techniques.

The AARN provides educational loans and a scholarship to members to assist them in obtaining advanced preparation and special studies.

## DEALS WITH COMPLAINTS

The AARN deals with complaints received against its members; a responsibility vested in the association through the RR's Act. It provides personal counselling in matters pertaining to nursing as a career, referral to legal counsel when necessary and acts on behalf of members in matters relating to their professional welfare.

Under the heading of public concern, the AARN is responsible for the co-ordination of the activities of the graduate registered professional nurses in the province to promote professional and protective services to the public and to elevate the standard of nursing practice.

The AARN provides an information service for the benefit of the internal and external public on matters that relate to nursing. It publishes a newsletter and maintains contact with the

news media and special groups. The promotion of goodwill in public relations encourages an enlightened public support of nursing. The association also speaks for nursing with government and others through official representatives.

Under the heading of individual concern, the association provides assistance to members in placement through the registrar. Employers of nurses seek the assistance of the AARN in filling staff vacancies.

To ensure socio-economic welfare of Alberta Nurses, a collective bargaining program was established in 1964. Staff Nurses Associations were organized in many hospitals and health units; who in turn elected members to sit on the Staff Nurses District Committees and the Provincial Staff Nurses Committees. St. Albert's district representative

is Marilyn MacDonald, R.N.. The Provincial Staff Nurses Committee employs an executive officer Robert Donahue to administer the collective bargaining program. This structure allows input from all members of Staff Nurses Associations.

Of the 12,000 members of the Alberta Association of Registered Nurses, approximately 7,000 belong to Staff Nurses Associations. The provincial staff nurses committee is presently in the process of restructuring itself to separate the collective bargaining program from the AARN. The restructured collective bargaining organization is to be called The United Nurses of Alberta.

Registered Nurses are encouraged to become informed and make their voices heard to their elected representatives regarding the present changes in our association.

## Blue Jeans use

### Margaret's name

Elks Stores Ltd. of Toronto has introduced a new line of blue jeans which they call Maggie T.

The name is an obvious reference to Prime Minister Trudeau's wife Margaret who was quoted in People Magazine saying she had nice legs and a 'cute bottom' - the right qualifications for the wearing of snug fitting

blue jeans.

Elks president Manual Elkind refused to be pinned down on whether the name of the new jeans had anything to do with the famous Ottawa photographer, but did say the jeans would be on the market in about three weeks.

Elks Stores are located in Eastern Canada.

## Equipment will be provided for photo workshop

There's been a slight and, no doubt, welcome change in the arrangements for the workshop on developing black and white films sche-

duled for July 19. Participants are not now required to bring their own equipment; it will be provided.

If interested in learning how to develop black and white films at home without a darkroom, all you have to do is register for this interesting workshop which will be held on Tuesday, July 19 in Grandin Clubhouse (beside the swimming pool) from 7:30 - 10:30 p.m. And this you can do by paying the \$2 fee when submitting your name, address and telephone number to the St. Albert City Hall - along with the name of the workshop.

## Annette Deib pottery on display at Library

By Margit McCreath  
For the months of June and July there is a display of pottery by Annette Deib at the St. Albert Public Library. Annette, who has lived in St. Albert since 1967, began studying pottery in 1970 with courses at the St. Albert Arts

and Crafts Guild and workshops from Pierre Guy, Carlton Ball, Liz Mould, David Green, John Weaver and Noboru Kuba. Last year she took a course in Japanese tradition and ceramics from John Chalke at the Banff Centre. Under Mary Borg-

strom Annette studied primitive and raku pottery and has worked closely in these fields with Elke Blodgett.

This talented and versatile potter counts among her achievements having received grants from the St. Albert Arts and Crafts Guild, Banff

Centre and the Cultural Branch. In December 1976 she was awarded first prize in hand-building in the crafts show at the Multicultural Centre, Stony Plain.

Annette has taught pottery for the past three years at the Arts and Crafts Guild

in St. Albert and has also served on its board. She has also taught for the MD of Sturgeon. Last year she assisted Elke Blodgett at the Family Crafts Camp at Wabamun and this year will teach the course for the County of Parkland Crafts Camp.

When instructing a class Annette likes to impress upon her students the idea that one does not require expensive equipment to enjoy pottery, hence her interest in primitive and raku firing. She also likes to remind students that clay should be treated with respect.

Annette's studio is in her home and she has recently

constructed a small bee hive kiln to be fired this summer.

We hope that when you come to the library, you will take the time to enjoy the works of this fine artist.

## Good, Bad and Ugly at Library

In view of the success of a similar exhibition held last summer, the Edmonton Art Gallery has organized "The Good, the Bad, and the Ugly (Part 1)", another exhibition designed to challenge taste and sharpen the eye. Works of varying quality and varying degrees of success

will be juxtaposed. Sometimes the subject will be the same, but the results very different; often similar formal problems will be attacked but radically different solutions will be arrived at. The ultimate decision, however, rests with the viewer. Only by looking can you

decide which is the good, which is the bad, and which is the ugly, although the answer may lie somewhere in between. Whether they have been shown for their outstandingly high quality or outstanding lack of quality is a decision left "to the eye of

the beholder."

This exhibition will be held in the Junior Gallery from July 15 to August 31. A questionnaire will be available at the door to tabulate what the public thinks is the good, the bad and the ugly.

## Helen Reddy Opens Coliseum of Stars

Helen Reddy will open Klondike Days Coliseum of Stars presentation with a

7:30 p.m. performance on Wednesday, July 20. The Edmonton Exhibition

Association's attractions committee chairman, Don Boyer, has also announced

that Burton Commings will play one performance in the Coliseum of Stars, Friday, July 22 at 7:30 p.m., and a second performance by Kiss at 7:30 p.m. on Friday, July 29. The July 27 performance by Kiss is now sold out.

Tickets for Helen Reddy and the July 29 Kiss concerts go on sale Saturday, July 9 at all Exhibition outlets, while Burton Commings tickets will be on sale starting Tuesday, July 12.

Ticket prices for all shows are \$6., \$7., and \$8 including admission to the Exhibition grounds. Exhibition outlets are the Coliseum Box Office, all four Edmonton Woodward's Stores, the HUB Mall at the U of A and the Bonnie Doon Mall.

## One-Man Show on Robert Service at Art Gallery

A one-man show based entirely on the writings of Robert Service, "The Poet of the Yukon," will be presented at the Edmonton Art Gallery Theatre from July 20 to 31 to coincide with the city's Klondike Days' celebrations.

The show is produced and acted by Victor Sutton who is well-known in Edmonton for his appearances in Klondike melodramas for the Walter-

dale Theatre. After leaving Edmonton in 1969, Mr. Sutton worked in Toronto. An appearance in Dawson City in 1973 evoked the idea for a one-man show on Robert Service.

Robert Service was a sentimental man full of a bawdy fascination for the earthiness of life experienced in Canada's great north. With his first volume of poems, "Songs of a Sourdough," he became world-famous. The characters he

created and the rigors he described in surviving in Canada's north entranced the people, world over.

There will be two performances each day at 12:15 p.m. and 8:30 p.m. from July 20 to 31. Tickets will be sold at the door: \$3 for the noon-hour performances and \$5 for evening performances. Students and seniors half price. NOTE: There will be no evening performances on Friday, July 22 and Friday, July 29.

# Local Couple Wed in June

On June 18, St. Albert Roman Catholic Church was the scene of a beautiful, late spring wedding.

Rita LeBlanc, daughter of Mr. and Mrs. Gerry LeBlanc

of St. Albert, was united in marriage to Monte Gannon, son of Mr. and Mrs. Allan Gannon also of St. Albert.

The music was "I Wish You Joy" as the groom and

his wedding party entered the church. The bride accompanied by her parents, walked down the aisle to the strain of "Jubilant Aida."

Monte and Rita exchanged vows in a triple ring ceremony conducted by Father Al Roy, Father Jacques Joly and Father U. Duchesneau, assisted in the nuptial mass which followed.

The lovely bride wore a soft poly-satin floor length gown with chapel train. The high fitted contoured bodice with V shaped insertion of "Guipure Lace" was accented with pale yellow ribbon. The sleeves were fitted with tulip cuffs of matching lace. The scalloped lace which formed the mandarin collar was repeated at edge of sleeves and hem of dress. The bride chose a Juliet styled headpiece adorned with fingertip veil. Her bouquet was a white Cattleya orchid surrounded by yellow sweetheart roses and white stephanotis and ivy.

The matron of honor, Sylvia Dupuis, bridesmaid Martine St. Hilaire and junior bridesmaid Alana Gannon, wore pale yellow floral crepe-de-celine gowns. They carried bouquets of bronze cushion mums and sweetheart roses. The little flower girl, Monica Langevin, was dressed the same as the

bridesmaids and carried a basket of matching flowers.

The groom and his attendants wore beige vested tuxedos with co-ordinated shirts and ties. The little ringbearer, Christian Gannon wore contrasting brown tuxedo. The groom's boutonniere was of yellow rose and stephanotis and his attendants, Tony Gannon and Robert LeBlanc, wore yellow carnation boutonnières.

Richard LeBlanc and Scott Gannon acted as ushers.

The bride's mother wore a pink gown with rhinestoned smock bodice and long flowing chiffon angel sleeves. The groom's mother was dressed in a beautiful blue gown topped with a sheer jacket. To compliment her ensemble she wore a white picture hat. Both mothers wore pink roses en corsage.

A reception and banquet followed at Morinville Recreation Centre for 150 guests. Dr. Neil Gannon of Tofield, Alberta, was master of ceremonies. An eloquent toast to the bride was proposed by Mr. Art Coulombe, in which he quoted a very beautiful and appropriate poem written by Rita's great great grandmother.

Special guests were Mr. and Mrs. J. B. Coulombe, grandparents of the bride. From Vermilion, the groom's grandparents, Mr. V. Cooper and Mr. and Mrs. C.

MR. & MRS. MONTE GANNON

Gannon.

Out of town guests were Mr. and Mrs. Norman Chase, Sun City Calif., Miss Audrey Deen, Victoria, B.C., Dr. and Mrs. James Langevin, Mrs. C. Charlebois, Mr. and Mrs. Dan Gannon from Calgary, Alberta, and from Vermilion, Mrs. K. Shattuk and Mr. and Mrs. J.

Emsland.

Approximately 250 to 300 friends and relatives danced the evening away to the beautiful music provided by Modd Indigos.

After a honeymoon in Los Angeles and San Francisco, California the young couple will reside in St. Albert.

# NFU wants propane price control retained

Commenting on the announcement by the Public Utilities Board that it will phase out of controlling propane prices, National Farmers Union Regional Coordinator Bill Dascavich said recently that he considered the move to be a backward step and an abdication of responsibility by the Board.

Dascavich said that farmers will be the main victims, as they do not have the legal right to pass along increased

costs by adjusting prices of the commodities they produce. Those farmers in remote areas that have converted to propane and who do not have access to rural gas distribution lines are locked in, unless they go back to the wood burning stoves.

He felt that the move was designed to overcome resistance by farmers to hook in to rural gas distribution lines because propane had a slight edge over natural gas

after recent gas price hikes. Dascavich said he believes that in the absence of publicly owned utilities, there

should be strict government regulation over energy costs, and that emphasis should be placed on energy

conservation through eliminating wasteful use. He cited planned obsolescences, high speed limits, lack of

adequate public transit, and disposable containers as some examples of wasteful energy use.

## Flower show at Londonderry mall on 'August 26 - 27

The Londonderry Mall will abound with flowers and greenery on August 26 and 27 when The Edmonton Horticultural Society holds the 69th Edmonton Flower Show.

The show will feature classes in Home Garden; Public, Industrial or Institutional Grounds; Lawn; Decorative House Fronts; Open; Vegetable Garden;

New Home Owner; Novice Class and Apartment Balcony.

In the Garden competition in last year's show, Mr. and Mrs. Jensen of Garland Place, St. Albert were winners in the Open Category.

Anyone wishing to make an entry in the show may obtain an entry form by writing the Edmonton Horticultural Society at 10843 - 38A Avenue, T6J 0L6. All entries must be in by July 16.

## New abstract art opens in Gallery

The Edmonton Art Gallery exhibited New Realism last winter and this summer an exhibition examining the other side of the coin -- new abstract painting and sculpture will be on view.

This exhibition, entitled, "New Abstract Art," to be held at the Edmonton Art Gallery from July 15 to August 31, draws heavily upon abstract painting produced in Canada, augmented by recent work by some Americans, to provide a survey of work by contemporary abstract artists. The 59 works in the exhibition were chosen by the Curatorial Staff of the Edmonton Art Gallery over the past two months.

Official opening is on Friday, July 15, 1977 at 8:30 p.m. Music will be provided by the Tom Gilroy Trio. The public is welcome to attend.

## EXPECT A LOT OF SERVICE

Graham Realty would like to congratulate **LINDA ARNOT** for Top Salesperson for the month of June. **LINDA ARNOT**

# Parsonally Speaking

Pastor B. L. Heath  
First Baptist Church

"FOR WE ARE LABORERS  
TOGETHER WITH GOD."  
[1 COR. 3:9]

The Carpenter's tools and a conference. Brother Hammer was in the chair. The meeting had informed him that he must leave, because he was too noisy. But he

said, "If I am to leave this carpenter shop, Brother Gimlet must go too. He is so insignificant and makes very little impression." Little Brother Gimlet rose

up and said, "All right, but Brother Screw must go also, you have to turn him around and around again and again to get him any where." Brother Screw then said, "If you wish I will go; but Brother Plane must leave also. All his work is on the surface, there is no depth to it."

To this, Brother Plane replied, "Well Brother Rule will also have to withdraw if I do, for he is always measuring folks as though he were the only one who is right."

Brother Rule, then complained against Brother Sandpaper, and said, "What about him. He is rougher than he ought to be, and he is always rubbing people up the wrong way."

In the midst of the discussion the Carpenter walked in. He had come to perform his day's work. He put on his apron, and went to the bench to make a pulpit, from which the Gospel would be preached to the poor. He employed the screw, the gimlet, the sandpaper, the saw, the hammer, the plane, and all the other tools.

After the day's work was over and the pulpit was finished, Brother Saw arose

and said, "Brethren, I perceive that all of us are laborers together with God."

Oh! How many of us Christians are just like those tools, fussing at each other, because the other fellow doesn't do things just the way we think he should.

There was not an accu-

sation against one of those tools that was not absolutely true, yet the Carpenter used every one of them. There was not a place where He used any one where any of the others would have done at all. Oh, how careful we should be in finding fault with one of GOD'S tools.

## Protect your home during holidays

The summer holiday season provides criminals with many opportunities to break into your home.

St. Albertans can reduce the possibility of their home being burglarized or vandalized while away on vacation by following these simple steps:

- (a) Discontinue newspaper deliveries.
- (b) Arrange with a neighbor to pick up your mail.
- (c) Arrange to have grass cut and watered while you are away.
- (d) Make sure all your valuables in the house are marked for positive identification.

tification.

- (e) Make sure any broken windows, door locks or window locks are repaired.
- (f) Leave your house key with a neighbor so that they can check your house regularly.
- (g) Leave a number with your neighbor where you may be reached in case of an emergency.
- (h) Call your police department's crime prevention unit and inquire about operation identification and neighborhood watch.

Returning to a home that has been broken into is an unpleasant finish to any trip. Never give a burglar an even break - support Alberta's crime prevention programs.

## Civil aviation rescue course initiated

The Board of Directors of The Alberta Aviation Council announced recently the start of a Civil Aviation Rescue Emergency Service. This service, to be known as the CARES Project, was authorized by Alberta Transportation, Air Transport Department.

The CARES Project is an organized program by which volunteers will be trained for use to assist in air search operations ancillary to the military Search and Rescue organization and will be an efficient adjunct to Alberta Disaster Services.

The provisional office has

been established at Municipal Airport in Edmonton. Zone and Sector Commanders will be selected from centres throughout the province. The CARES Project is expected to be operational by mid-summer 1977.

Chairman of the CARES Project is Jim Sundberg, Calgary, phone 289-0736, who is responsible for the southern region. Walter Urquhart, first vice-president of the Alberta Aviation Council, based in Edmonton, will administer the northern region and can be contacted through Edmonton telephone 451-0889.

## Saddle Lake campground open

A new campground, owned and operated by the Saddle Lake Indian Band near St. Paul opened officially to the travelling public on the July 1st weekend in Northeastern Alberta.

An economic development project of one of Alberta's most progressive bands, the Saddle Lake campground was developed to utilize the band's natural outdoor recreation resources and to provide employment for band members.

Located on the east shore of Saddle Lake, 14 miles east of St. Paul and approximately 125 miles northeast of Edmonton, the campground provides rustic tent and trailer sites, excellent shore and boat fishing and a broad

sandy beach with swimming docks and a boat ramp. Round the clock security and a concession are being offered as well.

The new campground is one of several economic development projects being undertaken by the Saddle Lake Band to help band members achieve economic independence.

In addition to the economic development projects, the band under the leadership of Chief Eugene Steinhauer, is focusing band resources into educational projects aimed at preserving the band traditions and culture while providing members with the education required to successfully compete in today's job market.

## Junior Saints sign 8 hockey players

The Saints (ex-Spruce Grove Mets) continue to build in preparation for their first season in St. Albert. The A.J.H.L. Club announced today the signing of eight players who are expected to contribute significantly to the success of the team.

At centre ice the Saints inked Brandin Schultz, the 17 year old centreman who set an all time scoring record of 91 points this past season while playing for Butchers and Packers.

Brian Hermanutz, also 17, plays centre as well. Brian was one of the leaders while scoring over 60 goals in helping the St. Albert Sportshop Barons capture the Provincial BB championship.

Wayne Van Brabant, who played on Brian's left side this past season, is also a prospective Saint. Many consider Wayne's efforts as being a significant part of Brian's success. At 17 years old he is considered to have good strength and corner ability.

Also at left wing is Vince Twoer who patrolled the left side this past season for Brandin Schultz. Vince contributed to Brandin's efforts similarly as Van Brabant helped Hermanutz.

Mike Moshalyk at left wing is rated one of the top graduating midgets from Edmonton. He has been a major part of Don Wheaton's success over the past two years. Mike agreed to play with the Saints for the

1977-78 season. At 5' 11" and 190 pounds, he not only brings great strength but also excellent talent.

These five players are expected to help the Saints ice a strong set of scoring forward lines.

During the 1976-77 season, the Jr. Saints (ex Mets) allowed 232 goals against -- only three more than the league leading Calgary Canucks. However with only one expected returnee on defence, 17 year old, three year veteran Jay McFarlane, the Saints with their signings hope to be even stronger defensively as they have signed three of the finest young defence prospects from the Edmonton area.

One of these is 15 year old Mickey Vulcan, who already has two years of midget AA experience behind him. Mickey performed the past two years with Westgate Chevrolet, winning the Provincial championship in 1976, and losing out to the Little Brick Men in this years city semi-finals. At 6' 1" and 180 pounds, he brings not only size but great ability as well.

Jim Farrow, a 17 year old team-mate of Mike Moshalyk brings the grinding style of hockey to the Saints. At 5' 11" and 180 pounds, Jim is expected to play a prominent part of this years team.

Another is Peter Stablyk, captain and leader of the Little Brick Men who won the provincial AA championship.

Peter is 16 and carries 180 pounds on a 6' 1" frame. He displayed great individual discipline during last years playoffs as opposing players tried to take him out of the game. He is considered a leader with great ability.

The Saints hope that Gilbert Longpre who played well for Spruce Grove last season will un-retire and join the team. His experience on defence and desire to win would be a great asset to the Saints defence.

The Saints will continue to announce further signings to keep you informed of the progress they are making towards building a winning, fan pleasing team.

Training camp commences September 10 at the Morinville Arena. All players interested in attending must write to the St. Albert Junior 'A' Saints, Box 91, St. Albert. It is an open camp but players must be registered to attend.

### N.C.A.B. All Star Game

The North Central Alberta Baseball League is commemorating its 10th successful year of operation by naming the first all-star team in its history.

The 1977 North Central Alberta All-Stars will be selected from all eight currently registered teams by August 7.

To further honor these players and the teams from which they come, the North Central Alberta All-Stars have been entered into one of the largest tournaments ever held in our baseball area. This tournament, sponsored by Labatts, and co-organized by the Edmonton Cardinals of the Sunburst Baseball League and our own Westlock Red Lions will be held on August 13 and 14 at Mountie Park in Westlock.

The All-Stars will be displaying their own uniforms,

thus promoting the North Central Alberta Baseball League. Each player will be dressed in his own team's colors.

The team will be managed by Paul Riopel and led onto the field by a head coach, as yet unnamed, and two assistant coaches from the NCA baseball league. The opportunity of observing the 1977 All-Stars in action betters our initial plan of simply having named them and placing them on our honor roll. And the opportunity is certainly worthy of the All-Star team's presence as there will be entries from Saskatchewan, possibly British Columbia, the A.M.B.L. and other distant centres in Alberta. The Westlock Red Lions and the North Central Alberta All-Stars will be representing our league.

## Junior Saints will provide youths with chance to play top calibre hockey at home

The St. Albert Junior 'A' Saints organization is anxious to inform residents of their purpose in bringing Junior 'A' hockey to our community. They feel it is important to answer some of the questions which have been asked of them. Why are they here? Will St. Albert players be on the team? Are they taking ice time away from our children? These are only some of the concerns expressed to members of our organization.

In general terms the Junior Saints hope to provide a pinnacle to the excellent minor hockey program already existing in St. Albert and the MD of Sturgeon area. Youths will have the opportunity of playing the highest level of junior hockey possible in this area while living at home and completing their grade 12.

Upon graduating from Tier 11 Junior 'A' hockey, a player who has been successful in the Alberta Junior Hockey League will have his choice of a number of scholarships as well as being in a position to choose Tier 1 Junior hockey if they so wish.

The important aspect here is that the players are left with a choice of direction. It has often been shown that players who must leave home to play junior hockey have a difficult time completing their schooling and are left only with the chance to play hockey. If they don't make it as hockey players they will have a difficult time making it elsewhere as they will lack the academic standing necessary for a scholarship.

Excellent talent is now being developed in the St. Albert minor hockey program in the pee-wee, bantam and midget levels. Unfortunately, the players who reach junior age cannot remain at home to play hockey but must leave for other centres. The Junior Saints hope to change this present situation by providing the boys with a chance to play junior hockey at home.

Hockey scholarships provide an opportunity to further ones education with-

out the financial strain it puts on many parents.

Over the past three years 19 players have graduated from the Spruce Grove Mets and attended University. They have accepted scholarships at Harvard, Yale, Denver, Northwestern, Colorado, and North Dakota.

Players receiving these scholarships have only to pay travel costs and provide their own 'spending' money.

The average value of these scholarships is \$6,000 per year or \$24,000 for a four year program.

Of course many people in St. Albert can afford to send their sons to University but the experience gained from receiving an education abroad can be much more enlightening in many ways.

College does not necessarily mean an end to a hockey career. The last professional draft saw 51 players chosen from the college ranks - more than any other league. The value of playing hockey at college is the choice of career it gives to the players.

In addition to the 19 players receiving scholarships the Mets also groomed 24 players for major junior hockey. A number of these players have now been drafted and one, Dave Hoyda, is expected to sign in the next few days. Others will also sign soon.

In addition to the Junior 'A' club the Saints organization felt it was necessary to have a strong affiliate

team in the area. For this reason the Junior 'B' Standard Generals have been transferred to Morinville. This set-up will further the opportunity for players in this area to play high calibre hockey.

The Morinville Standard Generals are busy organizing for the coming season under the direction of newly elected president Bob Arnold.

The question of whether area players will be on the team can be answered by the success of our local rep teams over the past three years.

Players like Brian Hermanutz, Wayne Van Brabant, Chris Stewart, Todd Murray, Ben Chabot, Brad Scott, Scott Holliday, Ken Myck and others are as good prospects as those anywhere.

Midget players Daryl Billsten, Mike Taschereau, Gilbert Longpre and Mark Messier should all be capable of playing in the AJHL.

A player will not make either team solely because he is from the area. He must make it on the merit of his talent.

The Junior Saints should not take time away from the younger players due to the fact the Standard Generals are moving to Morinville. This will leave St. Albert with the same number of teams as last year.

Should the Juniors need ice time other than that allotted they will make provision to place it at

The first of three Uncle Nicky's Demo Derbys went last Thursday at Westwind Oval with a field of 21 cars before an estimated crowd of 1800. In the 15 minute specials the fans watched Doug Lefebuer outhit and smash his opponents. In the final few minutes he delivered fatal rear end smashes to the front of Al Gratton's car after playing a catch me if you can race. Uncle Nicky dressed in full costume, presented Lefebuer with the Unk's own coveted trophy, while second place finisher Al Gratton received a ring of kubasa dressed with pink ribbon. Races are held at Westwind every Wednesday starting at 7 p.m.

another time. The organization hopes to become a part of the fine minor hockey program already existing in St. Albert.

The Alberta Junior Hockey League features an exciting brand of hockey that culminates in the Centennial Cup, symbolic of national supremacy. Next week the Gazette will carry further information and facts on the AJHL.

The St. Albert Junior Saints Hockey club is a non-profit organization registered with the societies branch. Any financial benefits acc-

ruing from the operation of the club will be returned to the development of minor hockey.

It is a community club set up for the benefit of the community.

Those wishing to attend meetings are more than welcome. Further information may be obtained by writing St. Albert Junior Saints, Box 91, St. Albert or by phoning 458-1977.

## THE CITY OF St. Albert TENNIS LESSONS

REGISTRATION FEE: \$25.00 PAYABLE TO THE ST. ALBERT GYMNASTICS CLUB

MAIL TO Cynthia Bujold, 23A Mission Ave., St. Albert, Alberta. Further information will be requested upon registration.

## Tennis News

On Tuesday and Thursday afternoons from 1:30 - 3:30 p.m. during July and August, all juniors who are interested can come down to the courts on Mission Avenue for organized competitions or testing for the Canadian Tennis Performance Awards.

Any junior (under 18 years) can take the tests of which there is a series of six on basic tennis skills. Judy Wood and court supervisors Tony Morris and Bill Osborne, will be alternating as supervisors and testers.

There is a fee of \$0.60 for the crest for each test passed and the Junior Open Play is free. For further information phone Judy Wood at 459-8696.

# Provost Tourney Beckons SAMBA Teams

Chalk up another "first" for the St. Albert Minor Baseball Association.

Never in the history of St. Albert minor sport have four

teams - from four different divisions - all provincial representatives - competed in an out-of-city tourney - all in the same weekend.

But, it's happening - weather permitting - in that little baseball community of Provost located only 10 miles from the Saskatchewan bor-

der - 200 road miles from St. Albert.

From the mosquito division it's Vic Hogan and his Belmont Credit Union Bom-

bers. The beaver division reps Pat Kehler and company. Neil's Trailer Kings will be there. Dave Reiniger's Travelling Trailer Kings from Neil's are all set for Saturday and Sunday games along with Ben Toth's fine midget contingent, the St. Albert Willowbrook Saints.

Because of the distance involved, it's expected that the four rep teams and their respective followers will set sail for Provost Friday - at various times. Camping sites have already been arranged and hopefully, reserved.

Advance reports from southern Alberta indicate the St. Albert baseballers will be latching horns with crack teams from Red Deer, Camrose, Medley, Stettler, and the like.

No doubt a full weekend is on the horizon for summer baseball addicts from our community - at Provost.

For those interested, let's take a quick look at what's happening - by divisions - in preparation for upcoming provincial zone championships:

Bomber crew has been an active group since the completion of the house league season. Already Coach Vic Hogan's Mosquito charges have two exhibition victories. Pat Lockert's summertime Beaver Bucket Squad furnished the opposition last Thursday in an inter-divisional "fun-game" and dropped a 13-7 decision. Coach Lockert was impressed with the strong pitching arm of Stan Black and Brent Sedgewick who performed mound duty for the Belmonts. A return engagement is scheduled for tonight.

The St. Albert Mosquito Reps will journey to Riverview Qui Barre - another baseball hotbed - for an exhibition match Thursday. The Belmont aggregation already holds a 10-3 victory over this same 1976 zone champion squad in a battle two weeks ago.

## BEAVER DIVISION

Neil's Trailer Kings Beaver division variety - came away from last weekend's Camrose tournament with one big win, two close losses - and a feeling that

## Hercules Mini-Mite Soccer Final

On Thursday, June 28, Lorne Akins soccer pitch was the site of mini-mite league cup final between the division finalists from St. Albert west and east. The team from the west, the Hawks coached by Larry Wilson played against the east representatives, the Falcons coached by Paul Fekete. After 50 minutes of some exciting soccer the Falcons emerged winners by score 3-1. All goals were scored in second half. Scoring for Hawks was Ian Paul, for the Falcons Brent Schrader with three goals. This excellent game was refereed by Stan Horbachewsky.

The directors of both divisions wish to thank all the coaches and assistants for

their unselfish contribution in order to provide organized recreation for the young athletes of St. Albert.

## Minor Baseball

Cont'd From Page 28

they're "finally getting it together."

According to General Manager Pat Keller, the two set backs were no disgrace. The Kings lost their first tournament tiff to Erskine 13-9. Kelly Page and Zack Wheatley did the pitching chores for the TK's. Zack Wheatley went the distance in the second game Satur-

day, a 15-13 loss to the eventual tourney finalist, Camrose. The fourth frame saw the Trailer Kings big bats explode for eight runs and a short lead. Relief chucker Brad Burns took credit for the "big" win - a 20-12 nod over Bodo on Sunday. Burns came to the rubber in the second inning after starter Kelly Page

tired.

Other teams in the Camrose tournament included Saskatoon, Stettler, Provost, and Drumheller. Drumheller and Camrose competed for the beaver championship.

### BANTAM DIVISION

Two wins and one loss and an unofficial tie for third place was the record of Neil's Travelling Trailer Kings in the bantam section as the invitational Camrose baseball tournament concluded over the past weekend.

The Kings only defeat - a heart-rendering 5-2 loss - came at the hands of the tournament champs - Cairns Builders of Saskatoon. Doug Reehlo, pitching for St. Albert, stifled the exceptionally large bats of the Saskatoons for the greater part of the contest. An error-filled fifth inning proved the downfall of the Travelling Kings when three runs crossed the plate to break a 2-2 deadlock.

As for the two success stories - Larry Schuchard fashioned a three-hit twirling job around some neat fielding for an 8-2 victory over the Drumheller bantams Saturday evening. On Sunday morning, the Trailer Kings came from behind a 6-1 deficit in the third to spill Stettler 18-8. King starter Matt Wheatley spun a terrific game until running into trouble on the wind-swept Camrose race track diamond. At this point, Schuchard came in from the bullpen in relief, to retire the side. Although the Trailer

DIETER KNOBLOCH's house league bantam all-stars took on the Helmut's Masonry representative team Monday evening at the Sir George Simpson soccer pitch. The all-stars put up a strong fight in the first half in holding the travelling squad to just two goals but the more experienced Helmut's Masonry team took over in the second half running the final score to 6-0. The all-stars plan a rematch in the fall when they have had a chance to play together a little more.

### MIDGET DIVISION

Although out of provincial playoffs, the St. Albert Willowbrook Saints Midgets, are definitely in the running for a chance at becoming a representative in the Summer Games in September at Red Deer.

Coaches Ben Tooth and Frank Galbraith are lining up as much competition as possible for the Saints who'll be in attendance at the big baseball slugfest in Provost this weekend.

### ZONE PLAYDOWNS AT GLANCE ...

A rather sketchy look at baseball zone finals indicates that Coach Vic Hogan's Belmont CU Bombers have the longest wait. August 6 and 14 were the dates given to us when St. Albert, Parkland, Oilfield, and West Sturgeon area mosquito teams will compete in a double knockout affair. If this isn't entirely right, we'll let you know ...

If the proper financial

## Minor Baseball

Cont'd From Page 29  
arrangements can be worked out, the Bombers may be travelling to Lloydminster for their famous annual baseball get-together. This ranks as one of the oldest established summer baseball meetings. St. Albert has never been invited, until this year. It would certainly be an experience for Vic Hogan's troupe of talented mosquito ball players.

In beaver division zone action - July 23 and 24 are the dates when St. Frances of Warburg and Spruce Grove will have a best of three series. At the same time Neil's Trailer Kings will

travel to Riviere Qui Barre for a two-out-of-three lath-up.

St. Albert will play host to the bantam zone finals on the same weekend of July 23-24. Representatives from Spruce Grove, St. Frances of Warburg, and possibly Rochester are expected to attend ... more later on this.

### ON CABLE 5 TONIGHT...

We're going to try to get some lively shots of Orv Franchuk's Baseball Camp now going on at Renfrew Park. Threats of rain have hampered proceedings a bit,

so we'll do the best we can. Also, we hope to have a guest or two with playoff information for you ... that's the Sports Scene on Cable 5 tonight ... at 9 p.m.

In parting, may we say "Diamonds are a boy's best friend" -- especially in St. Albert, where baseball is still going strong!

A new community TV show, spotlighting local talent, will make its initial bow tonight at 8 p.m. on Cable 5.

Entitled "Community Making Music" the program will be seen on a weekly basis, rather than one a

month or less, in the past.

Recording for the program will be done on the previous Tuesday in the Cable 5 local studio.

Anyone who would like to participate or possibly knows of someone who would like to participate call 455-1055 (Cable 5) or Gudrun Bubblitz - 458-3524.

The show will be produced by Fran Schuchard and directed by Harriet Moore.

## Tennis for Adults

If enough interest is shown, there is a possibility that another set of intermediate adult tennis lessons will be arranged. Starting the week of July 18, there will be four 1 1/2 hour lessons which will be taught by Dave Kirk.

(Note: an intermediate is anyone who is well beyond the beginner level and who can play tennis at a reasonable level of competence).

For further information, please phone Judy Wood at 459-8696.

## Let's go Boating

### Finding A Launching Spot

With an increasing demand for marine and yacht club facilities in some parts of Canada, many boaters are finding it easier to trailer their craft to less crowded areas for launching.

Lightweight and strong boat trailers now available have made this mobility easy and economical. Trailer boating has also made it possible for many more people to enjoy the pleasures of power boating or sailing without the problems of securing a permanent mooring spot.

As an advantage, trailer boating broadens the horizon for the skipper. Now, even those living miles away from lakes and streams can reach boating water easily with their craft in tow behind the family car or mobile camper.

Trailers are available for almost any type of craft up to 25 feet long. Outboards, inboard outboards, sailboats and even small houseboats can be used almost anywhere, easily loaded and unloaded wherever the captain cares to go.

Trailer boating requires some guidelines, and the Allied Boating Association of Canada offers these tips:

- Be sure your trailer is able to

handle the weight of your boat, motor, and whatever gear you may store in the boat. Stay within the maximum capacity specified by the manufacturer.

- Check the laws governing the use of small boat trailers in your province and other provinces you plan to travel through.

- Be sure your trailer is equipped with proper lights and reflectors.

- Practice turning and backing up with your trailer attached to your car before driving in heavy traffic. Avoid sudden braking when towing the rig.

- Balance your boat properly on the trailer, placing most of the weight over the wheels with a slight off-balance toward the car. About 10 per cent of the total weight should be on the trailer hitch. A weaving trailer indicates improper balance.

- Check tire pressures against the manufacturer's recommendations before starting out. In general, trailer tires need more pressure than car tires.

- When backing the trailer into the water, have someone to guide you and tell you when to stop. Make sure the drain plug is in your boat and closed.

- Use a designated launching ramp, avoiding muddy and areas.

Follow these rules for a safe, pleasant trailer boating season.

## Bon Accord more than doubles from 1971 - 1976

Population in the Edmonton region has grown 14.3 percent in the last five years.

In raw numbers, this means from 545,000 to over 622,000 from 1971 to 1976.

The figure is slightly higher than the 12.9 percent registered throughout the whole province, according to a recent study by the Edmonton Regional Planning Commission (ERPC).

According to the report, 33.9 percent of the province's population resides in the Edmonton area.

St. Albert and Sherwood

Park account for 15.8 and 15.7 percent of the growth respectively.

Figures on which the studies were based are from Statistics Canada data on municipalities.

Looking more closely at the various local centres, St. Albert shows 104 percent growth in the five year period, expanding from 11,829 to 24,129 in 1971 - 1976.

**Bon Accord shows a staggering 165.7 percent growth in the period, from 332 to 882 people.**

The village of Legal showed 54.4 percent growth in the five year period from 566 in 1971 to 874 last year.

Gibbons, now a town in its own right, shows fast growth at 98.4 percent, from the 1971 figure of 551, to 1,093.

Morinville has grown steadily, from 1,482 to 2,097 an expansion rate of 41.5 percent.

The MD of Sturgeon has shown steady but not remarkable expansion with a growth rate of 17.6 percent, or from 10,937 people in 1971 to 12,861 last year.

## Big rapeseed plant will locate in Sturgeon

Alberta Food Products, an Alberta-Japanese business partnership, says it will proceed with construction of a rapeseed crushing plant worth more than \$16.5 million in the MD of Sturgeon.

The plant would be located about six miles south-south-east of Gibbons adjoining Highway 825 near Highway 15.

Construction of the nine million bushels per year plant, which will employ about 60 people when open, will begin within the next three months.

Completion is slated for sometime between September 1978 and March 1979.

Alberta Food Products is 60 percent owned by the Alberta Wheat Pool and 40 percent belongs to a consortium of four Japanese companies.

These are registered in Alberta as Japan-Alberta Oil Mill Co. Ltd.

The Japanese firms, responsible for supplying markets for the plant's rapeseed oil and meal products, include C. Itoh and Co. Ltd., a giant Japanese international marketing firm; Ajinomoto Co. Inc., a world leader in oil-crushing technology; and Showa Sangyo Co. Ltd., all of Tokyo.

The fourth member of the consortium is Fuji Oil Co. Ltd. of Osaka, Japan.

R. J. Chamberlain, general manager of Alberta Food Products, says the plant will be constructed about a mile west of Fort Saskatchewan, but is located within the MD of Sturgeon.

An estimated 80,000 tons of rapeseed oil and 120,000 tons of rapeseed meal will be

produced annually, based on a 330-day production year, if the plant operates at capacity.

An Alberta Wheat Pool spokesman says an estimated 85 to 90 percent of the plant's oil would be exported, going to Vancouver via tank car, then on to markets in Japan, Australia, possibly India and other Far East countries.

Projections are that 60 percent of the plant's meal will be sold overseas, shipped to the Lakehead and then on to European markets. The Pool spokesman says it is hoped the rest of the meal can be sold domestically.

The plant would have about 500,000 bushels storage capacity, the equivalent of 15 days production.

The plant will draw farmers with rapeseed from central and north central Alberta and from the Peace River district.

It will be financed largely through borrowed capital.

Farmers will be able to truck their rapeseed directly to the plant. With a modern elevator built into the facility, railway hopper cars, box cars and trucks will be able to unload.

The plant, Alberta Wheat Pool's first venture in rapeseed crushing, was originally scheduled to be constructed in 1974 with completion targeted for the 1976-77 crop year.

But it was delayed subject to clarification of transportation rates affecting rapeseed oil and meal. Although this still hasn't been resolved, the Pool spokesman said it was decided to go ahead and build the plant because it is on a good

location and a good market is foreseen for edible oils.

As a major Alberta Wheat Pool facility, jointly owned and controlled by Pool members, the crushing plant would be an extension of members own farming operations.

But the Pool spokesman

## Major stand taken on metric move

Alberta Agriculture Minister Marvin Moore says the Government of Alberta is taking a major stand on the metric conversion of land measurements as a result of representations of farmers across the province.

The Alberta Government is directing a letter to Hon. Jean Chretien, federal cabinet minister responsible for metric conversion, requesting that an amendment to the metric conversion bill be instituted which would retain the acre as the unit of land measurement. "The retention of the acre," says Mr. Moore, "would significantly benefit the farming industry by providing the farmers with a well-known reference point upon which to base cultivation calculations and would significantly minimize the disruption of other metric conversion on the farm. A change in land measurement would hopelessly confuse an

## Fete au Village to be better than ever

These lovely young ladies are this year's Mlle Fete au Village candidates. One of them will be crowned "Village Queen" at 7:30 p.m., July 30 at Legal's Fete au Village.

**VIVIAN MAURIER**  
Daughter of  
Mr. and Mrs. Rene Maurier

**DIANE ROYAN**  
Daughter of  
Mr. and Mrs. Ed Royan

**CAROLINE KIESER**  
Daughter of  
Mr. and Mrs. August Kieser

By Bonnie Pelletier

Be sure to keep your calendars open July 30 and 31 this year. Round up the family Saturday morning and come on out to see a very entertaining parade, but be sure you fill those hungry tummies full of crepes (good ol' french pancakes) bacon and coffee before at the street breakfast.

The recreation grounds will open later where everyone can thoroughly enjoy the

midway and rides. Mom and dad can relax comfortably and watch the baseball games. Be sure to treat yourselves to the concessions or the French cuisine.

Barrhead, Leduc, Rochester, Vimy, Morinville, Westlock, Bon Accord and Legal will all be battling it out for the baseball prize money. There will also be a tough tug of war taking place, or you can try your luck at bingo.

Don't be alarmed if you hear motors revving and engines drumming, it's the demolition derby. The competition is even harder this year!

Mlle. Fete au Village will be crowned Saturday night.

One lovely lady will be proud to represent her community.

Entertainment at the bandshell and arena will be simply fantastic this year. Mr. and Mrs. Magic will entertain young and old. Their magical illusions will captivate and enchant all viewers.

Puppet shows, local talent and a bubble gum chewing contest are some of the many events. The music at the arena will be terrific.

Then Sunday night the annual fair will close with a beautiful display of fire works.

Be sure to come see us. We're on Hwy. #2 - 30 miles north of Edmonton.

## Record breaking year for Daze

Morinville Frontier Daze has experienced its most successful year to date. It is estimated that a total well in excess of 7,500 people were in attendance on the fair grounds over the two-day period.

At a recent board meeting, Treasurer Norm Chailoux stated that the gross income during Frontier Daze this year was greater than the previous record set two years ago. As the financial state-

ment has not yet been completed and audited, no definite figures can be released. However, a full financial report will be published after the next board meeting scheduled for mid-September.

In the meantime, members of the board have been discussing ideas and possible areas of improvement for next year's festivities. The date for Frontier Daze 1978 will be June 24 and 25.

## Field sprayers evaluated by PAMI

Reports are now available on five field sprayers evaluated by the Prairie Agricultural Machinery Institute at Lethbridge.

Laboratory tests were carried out to evaluate distribution pattern uniformity and to determine if pump capacity was adequate to supply the required chemical and agitate the solution in the tank. In addition, evaluations under actual field operation were conducted to determine nozzle wear, boom stability, effectiveness of boom castor wheels, soil compaction and crop damage, effectiveness of the filtering system, ease of transporting, convenience of controls, ease of tank filling, ease of nozzle adjustment and operator safety.

Four of the machines evaluated were the conventional trailer mounted boom type sprayers and one was a self propelled boom type sprayer.

Distribution pattern test work indicated that 80 degree spray nozzles resulted in more uniform distribution than 65 degree nozzles. A further advantage of the 80 degree nozzles was reduced spray drift due to being able to operate closer to the ground and at lower pressures.

These reports can be obtained by writing to: Prairie Agricultural Machinery Institute, c/o Lethbridge Community College Campus, Lethbridge, Alberta, T1K 1L6.

## SUMMER PLAYGROUNDS

On July 7, playgrounds in Bon Accord, Evergreen Mobile Home Park, Gibbons, Legal and Morinville opened for the summer.

These playgrounds will be open Monday thru Friday from 10 a.m. to 5 p.m. and will provide an exciting program of arts and crafts, music, drama, sports and games, and special events for children ages six to 12.

In addition, a travelling playground program will be visiting the smaller centres. On July 18 - 21, the playground will be in Namao. For the month of August, the

playground will be in Calahoo from August 2 - 5; Villeneuve from August 8 - 11; and Riviere Qui Barre from the 15 to the 19. The program, similar to the program being offered in the towns and villages, will begin daily at 10 a.m.

## PLAYGROUND LEADERSHIP SESSION

From July 3 to July 6, 11 students from Sturgeon attended the playground leadership session. These participants had the opportunity to participate in a number of sessions focusing on the following areas: arts and crafts, first aid techniques, music, drama, minor games, dance, creative movement, leadership techniques and outdoor education. Attending on behalf of Sturgeon were Bobbi Brown and Cheryl Rosen from Bon Accord; Debra Friesen from Evergreen Mobile Home Park; Sandy Archer and Debra Williams from Gibbons; Claudette and Rita Bilodeau from Legal; and from Morinville, Denise Carignan, Charlene Rousseau,

Yvonne Kieser, and Brenda Vranas. After completing the session, the students returned to their local area to begin their jobs as playground leaders.

## CANOE TRIPS

This summer there is one more canoe trip planned for August 13, 14. Last weekend was the trip down the Athabasca River from Blue Ridge to Fort Assiniboine.

## GIVE YOURSELF A BREAK HIRE A STUDENT!!

During the month of June, Sherry Gibeault, this year's office manager in Morinville, has been working very hard at finding summer employment for students. During Frontier Daze in Morinville, she entered a float into the parade and also set up a Hire a Student information booth in the arena. Many employers have also been visited, or else letters have been written to them. She has been receiving some response.

The students are more than willing to help out with odd summer jobs. These students, ages 12 to 18, are more than eager to find summer employment.

The Hire a Student office is also urgently needing students, especially those over 16 years of age.

So, if you need help, or just feel like taking a break, phone Sherry Gibeault at 939-4318. Her hours are from 8:30 a.m. to 4:30 p.m. and her office is located at the Sturgeon Regional Recreation building.

HAVE A YOUNG SUMMER!

## Vimy News

By Rachel Ringuette

Mr. and Mrs. A. Fortier recently motored to B.C., where they went to Prince George, Kelowna and Penticton, and came home by Radium. They had a wonderful trip and beautiful weather.

Visiting Jim and Barb Henderson on the long weekend were Linda Matthews and boys, Diane Ragner, and Mr. and Mrs. Roy Millar of Calgary. Their daughter Debbie will spend a month's holiday with her aunts in Calgary.

Mr. and Mrs. Henry Ringuette and Mrs. Jean Ringuette spent two weeks in Quebec. They went to Montreal, Quebec City and Three Rivers. They visited many uncles, aunts and cousins. While there they celebrated their Aunt Lucienne Blanchette's 89th birthday. She is a sister to Mrs. Antonina Blanchette of Vimy. They took in alot of sightseeing, including a visit to St. Joseph's Oratory in Montreal. They had a wonderful time and hope to go again in the future.

Congratulations to Christian (Joly) and Daune Grant on their marriage July 2 at St. Albert. Attending the wedding were Reni, Helen and Reggie Joly of McKenzie, B.C., parents of the bride. They will also be visiting friends and relatives in the area before returning home.

The community wishes to express their sympathy to Mr. and Mrs. Etienne Caouette and Mrs. Lorraine Ebenal on the loss of their son and brother, Marcial Caouette.

Mr. and Mrs. Fern Bilodeau of Vimy were awarded the Farm Family Award for 1977 for the Westlock area. July 25 the Bilodeau family will spend the day at Edmonton's Klondike Days. The day will start with breakfast, tours of the city

and grounds, supper and then to the star performance in the evening. Congratulations to Fern, Salonge and family on this award. Fern and Solange Bilodeau also went on the Alberta Wheat Pool tour, which took them to Whitehorse, Dawson City and Inuvik, and to Haines and Skagway Alaska. They were gone seven days and had an enjoyable time.

Rock and Rachel Regimbald and family and Mr. and Mrs. George Prozk and family spent the long weekend at Colk Lake, where they took in the air show. They had a good weekend and enjoyed the show.

A shower was held for Karen Leinenweder, future bride of Donald Dechamplain at the home of Mrs. Cora Dechamplain. Hostesses were Lucille Dechamplain, Joyce Auger and Yvonne Dechamplain. The shower was enjoyed by friends and relatives and a door prize was won by Therese Dechamplain. Karen thanked all those who attended and lunch was served. The wedding will take place August 20, in Landis, Saskatchewan.

Rick and Doreen Taylor and family and Rick and Bev Limoges and family spent a week camping. They went to Banff and Jasper and Calgary. Their trip was dampened by rainy weather and they were glad to be back home.

## Legal Locals

By Bonnie Pelletier

Can you sing, dance, or play a musical instrument? Give your name to perform at Fete au Village on July 31 at the bandshell Sunday afternoon at 2 p.m. Those interested should contact Germaine Nault at 961-3609 or Lucienne Montpetit 961-3880 as soon as possible.

There will be another recreation board meeting July 19, at the recreation

centre at 8 p.m. dealing strictly with Fete au Village.

Also there is still an opening for a shift in the hamburger booth. Anyone interested please contact Ray Ouellette 961-3675.

Anyone out of town who hasn't received an invitation to place a float in the Fete au Village parade, and wishes to do so, please contact Mr. Marcel Dube 961-3694.

Anyone interested in entering a car in the demolition derby phone Michel Prefontaine 961-3871.

The residents of Legal will be very sorry to see the manager of the Bank of Nova Scotia leave. Mr. Sig Mayeski, who has been a prominent member of the community for two years, has now been transferred to Lethbridge, Alberta, where

he will be manager of the Bank of Nova Scotia, also.

Jack and Ann Sheridan of Legal have recently purchased a hotel in Hay Lake, Alberta, and are inviting all their friends and neighbors of Legal to attend their grand opening, July 15 and 16. The new tenants renting Mr. and Mrs. Sheridan's home are Mr. and Mrs. Jim Cowan recently of St. Albert. Welcome to Legal.

MR. & MRS. ANTONIO PELLETIER

## Legal couple celebrate 25th anniversary

By Bonnie Pelletier

On July 8, Antonio and Lucienne Pelletier celebrated their 25th wedding anniversary, along with approximately 40 guests. Lucienne received their guests in a lovely coral frilled gown, complimented by a beautiful red rose corsage. Tony wore a handsome pale green suit with a white carnation.

Their cake was very dainty, a two tiered, white cake complimented by delicate red roses and a silver lace and bell top.

Yvette Pelletier, their daughter, welcomed everyone and wished her parents congratulations on behalf of their guests.

Yvonne Pelletier, also their daughter, then went on with a short speech, thanking

her parents for many years of happiness, and wished them many more good years together.

The children, Raymond and Rita Pelletier, Leo, Yvonne and Yvette then presented them with a sterling silver tea and coffee set and tray, given by all the guests. Unfortunately, their youngest son Adrien was unable to attend.

Lucienne thanked everyone for coming and for the lovely gifts. Tony responded also with some very appropriate words.

Everyone later enjoyed a very delicious lunch prepared by the family, while reminiscing of the many events that the happy couple have experienced throughout their 25 years.

Dick and Ruby Lowe take pleasure in inviting their friends and neighbors to attend their silver wedding anniversary on Saturday, July 23 in the Namao Community Hall at 8 p.m. No gifts please.

Sympathy from the district is extended to the family of Mr. Clive Potter, who passed away last week at the age of 79 years.

Mr. and Mrs. Ronald Crozier of St. Albert are the

proud parents of a baby boy, Robert John, born on July 4, weighing 7 lbs. 5 ozs. A first grandchild for Mr. and Mrs. Robert A. Evans of St. Albert and a second grandson for Mr. and Mrs. Bud Crozier of Namao, a fourth great grandson for Mrs. Isabel Crozier of Namao.

### NAMAO LIGHT HORSE 4-H CLUB

On July 16, at Manor Stables (formerly known as Viscount Stables) the Namao Light Horse 4H Club will be holding their achievement day, beginning at 10 a.m. Classes such as showmanship, western pleasure, western equitation, English pleasure, English equitation, and trail will be held. For each class there will be three different levels of 4Hers competing: elementary, junior, and intermediate. Only first and second place winners will be able to compete in the regionals to be held in August. Everyone is welcome to come out to Manor Stables and enjoy the horse show.

## MARTIN FARM EQUIPMENT LTD.

### OFFERS YOU A 6-MONTH WAIVER OF FINANCE CHARGES ON JOHN DEERE 4-W-D TRACTORS!

It's our "After-Spring-Work Special". Look ahead to the many working advantages you gain by taking command of a John Deere 8430 or 8630. The 8430 delivers a hefty 215 engine hp (175 PTO hp); the 8630 packs a potent 275 engine hp (225 PTO hp). And look at the standard features: Power steering and power brakes; 16-speed transmission; even an air-conditioned Sound-Gard® body with Personal Posture™ swivel seat.

And look at the advantage you get by purchasing now: no finance charges will be imposed on the tractor you choose, or on any tillage implement for that tractor, purchased on the same sales contract, until six months from the first of the month following the date of purchase at which time you may elect to either pay the remaining principal balance owing, or continue the financing agreement with your John Deere dealer.

# Bon Accord News

By Sadie Allen

On Friday, May 27, the Bon Accord School held graduation exercises. The theme was "Stand Tall." Master of ceremonies Ronald Kulay welcomed everyone. Each student then proceeded to the centre of the stage where they lit their candles from two "Candles of Knowledge." Everyone enjoyed a lovely banquet following grace said by principal, Mr.

Broemling. Following the speech by school board representative, Mrs. Olga Bilecki, and a sport report by Mr. Heffel, the toast to the grade 9 class was made by Mr. Goulet. He showed slides that went appropriately with the song "Child of the Universe." The reply to the toast was made by Shannon Tighe. Toast to the teachers was given by Betty Kushak. The reply was given

by Mrs. Clark. A dance ended the evening with music supplied by CHED disc jockey Don Kennedy. Grade 9 students graduating were: Karen Almquist, Carmen Carleton, Janet Dubord, Dawn Goulet, Bev Hewitt, Sandra King, Gail Kostiw, Tami Kowalski, Betty Kushak, Sharon Love, Cathy Malanchen, Janet McGuire, Shannon Tighe, Angela Ward, Elaine Woywitka, June Zedran, Shane Antoniuk, Byron Betchuk, Gary Bilecki, Mark Kollrus, Darcy Krysko, Brian Lewis, Phil Luchka, Allan Saunders, Gary Schwanke, Rob Tribe, Victor Uchacz, Terry Yost, Edwine Zern.

On Wednesday, June 29, there was a special awards program held in the Bon Accord school gym. Book awards and academic awards were presented. Musical

interludes by some of the pupils highlighted the occasion. Book awards went to the following students: Grade 1, Ricky Zadanayski; Grade 1 and 2 Nicky Mansfield and Sandra Germaine; Grade 3, Evelyn Romanowski; 3-4, Linda Roemex; 4-5, Chad Critchley; 5-6 Christina Kushak; 6, Maureen Hewitt; 7, Susan Carleton; 8a, Bo Laursen; 8b, Jennifer Woodger; 9, Dawn Goulet and Gary Bilecki. A \$25 award for over all high marks in grade 9 was presented to Dawn Goulet. Fifty mile bronze medals were presented to Blain Malanchen and Doris Braun and 25 mile awards went to Patti Milligan, Dawn Samis, Dancien Ruland, Colin Spencer, Jamie Tyghe, Charlotte Samis, Terry Anderson, Basil Lewis and Todd Roberts.

The Bon Accord Gems

junior girls softball club will be playing in the provincials at Red Deer this weekend with their first game scheduled for 7 p.m. on Friday, July 15.

Congratulations and best wishes to Mrs. Hannah Chubb on the occasion of her 86th birthday on Friday, July 16.

Golden Gems have planned a trip to Fort Edmonton for Wednesday, July 20, with the bus scheduled to leave the Bon Accord Community Centre at 10:45 a.m. Any senior wishing to go should contact Joan Hill. Space is limited. There will be no regular meeting until August 9. Please bring a picnic lunch. The Golden Gems are reminded that we will be having a table at the Farmers' Market again this year. Market days resumed

on a regular basis on Wednesday, July 13 from 6-8:30 and will continue throughout July, August and September.

Senior ladies will host the Fort Saskatchewan team on Thursday, July 14 and the Tigers will host Barrhead the same night - a good evening for ball fans. Tigers will play tournament ball at Lamont on Sunday, July 17.

Joint services for Holy Trinity and Emmanuel Anglican congregations will be held at Bon Accord only throughout July and Gibbons only throughout August.

There will be no further services held at the Bon Accord United Church until August 21 when they will resume at the regular time of 9 a.m.

## NOTICE

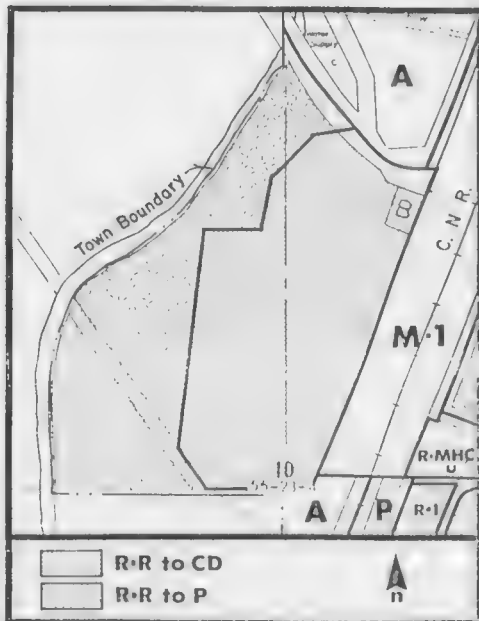

### OF PUBLIC HEARING

The Council of the Town of Gibbons having been given authority under Section 119 of the Planning Act, R.S.A. 1970, as amended, to control development within the boundaries of the Town of Gibbons by zoning, will hold a public hearing.

The purpose of this bylaw is as follows:

That the Zoning Map attached to and forming part of the Zoning bylaw of the Town of Gibbons be amended by zoning.

REZONING FROM R-R TO CD & R-RT TO P

The proposed bylaw may be examined between the hours of 9:00 a.m. and 5:30 p.m. of the office of the Municipal Secretary of the Town of Gibbons. The Public Hearing will be held in the Gibbons Town Office on the 26th day of July at 7:00 p.m.

Written objections to the proposed bylaw will be received by the Municipal Secretary at her office until 5:30 p.m. on the 26th day of July, 1977.

Objections shall be submitted in writing prior to the meeting. Those written objections which have been received before the designated time will be discussed at the meeting before further presentations will be recognized.

MAISIE METRUNEC  
MUNICIPAL SECRETARY.

By Karen Hogg

Congratulations to Fred and Darlene Zelensky on the birth of their second daughter Angie Leeanne, born on June 20, weighing in at 8 lbs. 15 ozs. Proud little sister is Janet.

Hopes for a speedy recovery are extended to Mrs. Edith Visscher, who had the misfortune of hitting head-on with a calf.

Speedy recovery is also extended to Mr. Schauer who is in the Misericordia Hospital.

Katie and Will Mabbutt were in Winnipeg last week visiting daughter and son-in-law, Tracy and Gerry Boisjoli and their little granddaughter Daune. Gerry and Tracy will hopefully be coming home in September or just as soon as his job is completed. Rumor has it that

Will is a real spoiler when it comes to grandchildren!

It was a very busy weekend for everyone. Unfortunately the ladies ball tournament was rained out this weekend.

My cousin from Victoria, Shelly Barnes was in Edmonton last week and came out and spent Friday with us.

On Saturday we attended

the wedding of Ed Akerstrom's sister Barb to a very good friend of mine, Neil Rae, son of Nip and Doris Rae of Edmonton. The wedding party looked terrific and everyone had a very good time.

Debbie Mitchell, Suzanne Rocque and Luanne Lamoureux just returned last Wednesday from a two month holiday touring all over Europe.

## Cardiff Column

By Florence Vranas

### ROBINSON FAMILY HELD REUNION AT CARDIFF

The Robinsons held their third family reunion in six years at the Gazebo in Calahoo this time. All 10 remaining children were present and it began Friday, July 1, with members of the

family arriving from B.C., various locations in Alberta and from Wisconsin, U.S.A. About 100 people were present and made themselves comfortable in trailers, campers, motor homes and even tents.

All enjoyed a barbecue this first night of festivities. Saturday found the food being served as a pot luck smorgasborg. That evening a

dance was held in the Gazebo which lasted till 3 a.m. At this time some retired, while a group of lively individuals made their way over to the pit to start the fires which needed to burn three hours before beef could be put in for the pit barbecue. The beef was to be the bill of fare for the Sunday wrap-up of the occasion. At 6 a.m. these hardy fellows and gals enjoyed a ball game, after which they proceeded to prepare a pancake breakfast for everyone.

Volleyball, softball and horseshoes were some of the sports enjoyed and everyone found the reunion a large success.

Hagen and Martha Libbey have returned from a trip to Vancouver, the Okanagan Valley B.C., where they visited their son and his family; Mr. and Mrs. Ken Libbey. They report the entire eight days in Vancouver were sunny with not a drop of rain, but encountered rainy conditions while returning home. In the near future they plan another trip this time to Emma Lake, Saskatchewan where their daughter and family, Mr. and Mrs. J. Merten-Feddeler live. Happy holidays Hagen

and Martha.

Three former classmates who grew up in Cardiff have all become mothers in the past three months.

The first child was born to Sharon (Robinson) and Joe Brandel, a daughter Nicole who weighed in at 9 lbs. 9 1/2 ozs. She is a sister for Sarena.

Then to Sharon (Saunders) and Tom Skinner a son born May 23. Thomas John was born weight 5 lbs. 5 ozs, a brother for Nadine and Jeff.

Last, to Laurel (Vranas) and Gerard Boddez, a daughter Lisa Ann born July 10, weight 8 lbs. 9 ozs. This is Gerard and Laurel's first born.

Congratulations to all the families.

Bill Rockwell is now feeling quite well after undergoing two separate major operations sometime ago. It's certainly nice seeing you getting along so well Bill and we all wish you many, many years of enjoyment in your recent retirement.

My thanks to everyone who sent flowers, cards or visited me while I was in hospital recently. Every gesture was greatly appreciated.

## Electronics Centre opens in Morinville

By Marg Bentz  
Walter and Maryanne Enright are looking forward to meeting you during their grand opening of Morinville Electronics Centre Ltd. The Enrights have lived in Morinville for the past five years with their three children - Lee, Leslie and Jay, all very active in sports and other activities in town. Walter and Maryanne have also been very involved in minor hockey and in previous years guides and brownies and the drum and bugle band.

Morinville Electronics Centre Ltd., is located next to the town hall at 10220 100 Avenue. The Enrights are looking forward to serving Morinville and area residents and have qualified servicemen for both TV and appliances. Zenith, Toshiba and Admiral are available with lots of grand opening specials. Be sure and drop on down for coffee and sweets on July 18 - 22 and wish the Enrights success on their new business venture.

## Morinville

By Marg Bentz  
Central Sturgeon Agricultural Society held the draw for the "200 dollar a month" club on Wednesday, July 6 at their monthly meeting. Congratulations are extended to the winner, Riel Cormier of Morinville.

Farmers' Market is held every Saturday at the Agriplex from 10 a.m. until noon. Be sure and stop in and see for yourselves all the good deals.

Congratulations to Maryann and Walter Enright on the grand opening of Morinville Electronics Centre Ltd. Drop on down for coffee and sweets during their grand opening from July 18-22.

Hector Gibeau had a nice visit recently from two of his nieces from Vancouver. Mrs. Mary Williams and her sister Michelle Fisk also visited their cousin Delores Hess while they were in town. Other visitors Hector was pleased to see were Mr. and Mrs. Bernard Behiel from Watson, Saskatchewan. The Behiels also visited our historic church and our graveyard.

Mrs. Gail Hooks was the lucky winner of the recliner from Morinville Macleods store during their sole ownership celebration. Henry and Lorraine Lamoureux want to thank everyone who came down to congratulate them and partake in the festivities.

Gazette paperboys are asked to please put newspapers in the doors and not on the step. Otherwise arrangements can be made between paperboys and customers.

Congratulations are extended to Bonnie and Glen Romaniuk on the birth of their son, Bradley Glen was born on Tuesday, June 28 at 3:24 p.m. at the Royal Alexandra Hospital in Edmonton. The little baseball player weighed in at 7 lbs. 3 ozs.

Ernie and Colleen Brisson are pleased to have Colleen's sister Sharon Adams visiting with them from Campbell River B.C. Linda, Suzanne and Carol are also enjoying their visit with their cousins Kathy and Shelly. Sharon and the girls are also visiting

with Sharon's parents, Mr. and Mrs. Allan Campbell of Alcomdale.

Central Sturgeon Agricultural Society will be holding a hockey school in Morinville on October 10 to 15 and will be instructed by the Rocky Mountain Hockey School. Further information will be available in September.

Anyone in need of summer help for babysitting, painting, yardwork etc. can call 939-4318 and talk to Sherry Gibeau about hiring a student. The Hire a Student office is open Monday to Friday, July 4 to August 19 from 8:30 a.m. - 12 noon and 1 p.m. - 4:30 p.m. The office is located in the Sturgeon Regional Recreation office at 9820 - 104 Street, Morinville.

Morinville Mosquito B coached by Ms. Sharon Van Brabant travelled to Fawcett this weekend for Provincial B playoffs. On Saturday the boys whipped Paul's Band 43-3 and in a back-to-back game with Fawcett they lost 8-7. On Sunday, the boys again beat Paul's Band 29-6 but lost to Fawcett in a back to back game that ended 8-7 in favor of Fawcett. The boys played very well and are to be congratulated on their effort. Both parents and boys alike enjoyed a wiener roast Sunday evening in a campsite near Fawcett ending their '77 baseball season in fine style.

# THE BEST OF BOTH WORLDS

PAM MacDonald

The excitement of city bustle can be combined with  
the serenity of a suburban lifestyle in St.  
Albert. The simple solution is a full or part-time  
position in downtown Edmonton. I've tried it and  
wouldn't change it for the world. For more  
information, give me a call.

#### ONE PERSON OFFICE

A secretary/receptionist  
is needed for this plush  
office in the central  
downtown core. The lucky  
person will work for three  
men. Candidate must  
have good typing skills,  
dictaphone and good tele-  
phone manner. Salary  
\$700+

#### RECEPTIONIST

A cheerful personality is a  
must for this receptionist-  
typist position in a down-  
town stockbrokers office.  
Varied duties includes  
operating a switchboard  
of 10 lines, typing and  
filing. Salary \$650+

#### PERSONAL LEGAL SECRETARY

This large law office  
needs a personal secre-  
tary with 2-3 years expe-  
rience to handle corres-  
pondence and general law  
duties for one lawyer.  
Dictaphone and short-  
hand required. Salary to  
\$900.
